## 1990 Buick

The original Buick Reatta headlight assemblies worked quite well in, say, the first fifteen years of their operation but beyond that use they began to fail in two areas. The motor actuator, commonly called the crank arm, was die cast of a relatively soft zinc material and the nano

1990 buick reatta -

Fixya

The Buick Reatta has the GM second generation

redesigned headlight motors. They are very durable and very long lasting. They are also easy to rebuild when they fail! If your headlights fail to rise and the motors keep spinning this rebuild

File Type PDF

# File Type PDF

## 1990 Buick

Remove the Reatta Headlight Assembly. The headlight needs to be removed to repair the gearbox, replace the bellcrank or replace the entire motor. Just a few simple hand tools are needed to remove the headlight assembly. They are shown in the photo below.
