The #1 New York Times bestselling, "must-read" (San Francisco Chronicle), "amazingly timely and stunningly accessible" (Jacqueline Woodson) exploration of race and racism from award-winning, beloved authors Jason Reynolds and Ibram X. Kendi, now in paperback. This is NOT a history book. This is a book about the here and now. A book to help us better understand why we are where we are. A book about race. The construct of race has always been used to gain and keep power, to create dynamics that separate and silence. This remarkable reimagining of Dr. Ibram X. Kendi's National Book Award-winning *Stamped from the Beginning* reveals the history of racist ideas in America, and inspires hope for an antiracist future. It takes you on a race journey from then to now, shows you why we feel how we feel, and why the poison of racism lingers. It also proves that while racist ideas have always been easy to fabricate and distribute, they can also be discredited. Through a gripping, fast-paced, and energizing narrative written by beloved award-winner Jason Reynolds, this book shines a light on the many insidious forms of racist ideas--and on ways readers can identify and stamp out racist thoughts in their daily lives. Tractatus Logico-Philosophicus was first published in German in 1921, then translated and published into English in 1922 by C. K. Ogden, with help from F. P. Ramsey, and supervised by Wittgenstein. Tractatus revolves around seven basic propositions and begins to branch off from these propositions to illustrate the relations between words and objects. From this, Wittgenstein applies his connections into the philosophy of language and symbolism to show how the problems of philosophy arise from misuses of language. To Wittgenstein, "Philosophy is not a theory, but an activity." As it is an activity, philosophy must undergo the process of dissolving misuses of logic. Proclaiming philosophy is a matter of logic instead of metaphysics, too, ethics and aesthetics become inexpressible in the form of the spoken propositional logic. From this grounding of philosophy needing to undergo a subversive process of logic, Wittgenstein traverses many subjects from physics and death, the mystical and metaphysical, to the pictorial to imaginary. Even as the only book he published in his lifetime, it stands as one of the most important texts of the 20th century.

Women: gain control and confidence in your love lives and find the relationship you want with this modern, life-changing guide from the certified sex educator, intimacy expert, and YouTube personality. For younger generations, dating is a complicated mystery. Apps like Tinder and Bumble are supposed to foster connection, but instead serve as a reminder of how painfully single we are. Certified sexologist and intimacy coach Shan Boodram—the most sought-after sex educator on the internet—is about to change all that. In this essential how-to guide, she addresses the realities of life today—when the rules of love and attraction are fluid—and teaches a group of young women how to become master daters in just sixty days. It starts with you. Shan makes clear that love and self-discovery go hand in hand—your dating

life is just as much about you as it is about other people. She challenges you to look inside yourself for what you want out of a partner, a relationship and, most important, yourself. Once you figure out what you want from dating, she shows you exactly how to get it. *The Game of Desire* empowers you to take the lead, learn your strengths, and identify and correct your weaknesses, all the while getting inspired watching a group of women learn how to succeed in today's dating pool. While many books tell women why they can't get a date, Shan teaches you the skills and techniques necessary to take charge in today's competitive and often confusing dating scene, providing the tools essential to attract—and retain—the partner(s) you want. From learning love languages to debunking dating myths, she helps women build knowledge and confidence. Featuring conversational case studies, comprehensive facts about the psychology of sex and romance, and expert insight into sex culture, and written with her trademark humor and charm, *The Game of Desire* is a must for all of Shan's fans and for every woman struggling to feel loved and desired.

When the Sudanese civil war reaches his village in 1985, 11-year-old Salva becomes separated from his family and must walk with other Dinka tribe members through southern Sudan, Ethiopia and Kenya in search of safe haven. Based on the life of Salva Dut, who, after emigrating to America in 1996, began a project to dig water wells in Sudan. By a Newbery Medal-winning author.

Anyone interested in learning to read the Hebrew Bible in its original language will find within the pages of this book all the resources needed to begin this wonderful journey. The book is laid out in four parts. The first part teaches the Hebrew alphabet through a series of lessons. The second part teaches word and sentence structure of the Hebrew language by breaking down each Hebrew word in Genesis

chapter one, verses one through five. The Hebrew text of Genesis chapter one is provided for reading and comprehension practices in part three. The fourth part of the book contains charts and dictionaries of prefixes, suffixes, words and roots of the Hebrew language to assist the reader with vocabulary definitions and comprehension. Within a short amount of time the Hebrew student will soon be reading the Bible through the eyes of the author rather than the opinions of a translator. ABOUT THE AUTHOR Jeff Benner has had a long interest in the Hebrew language of the Bible and in 1996 he began researching the ancient pictographic alphabet used by the Hebrew people and other Semitic tribes. He has made many significant discoveries linking the ancient Hebrew culture with the ancient Hebrew language and alphabet. In 1999 Jeff founded the "Ancient Hebrew Research Center" to research and teach Biblical understanding through the alphabet and language to those with little or no Hebrew background. Jeff's current project is the Ancient Hebrew Lexicon of the Bible. This Lexicon defines Hebrew words of the Bible according to their cultural context revealing the original Hebraic meanings of Biblical passages and words.

The National Book Award winning history of how racist ideas were created, spread, and deeply rooted in American society. Some Americans insist that we're living in a post-racial society. But racist thought is not just alive and well in America -- it is more sophisticated and more insidious than ever. And as award-winning historian Ibram X. Kendi argues, racist ideas have a long and lingering history, one in which nearly every great American thinker is complicit. In this deeply researched and fast-moving narrative, Kendi chronicles the entire story of anti-black racist ideas and their staggering power over the course of American history. He uses the life stories of five major American intellectuals to drive this history: Puritan minister Cotton Mather, Thomas Jefferson, abolitionist William Lloyd Garrison, W.E.B. Du Bois, and legendary activist Angela Davis. As Kendi shows, racist ideas did not arise from ignorance or hatred. They were created to justify and rationalize deeply entrenched discriminatory policies and the nation's racial inequities. In shedding light on this history, *Stamped from the Beginning* offers us the tools we need to expose racist thinking. In the process, he gives us reason to hope.
