Agile Planning (a.k.a. planning onion) has 6 levels - Strategy, Portfolio, Release, Iteration, Daily, and Continuous. Each layer of the onion drives the goals of the layers below, sets timeframes, and defines ownership and interaction. Strategy – Strategic vision is at the top of the planning onion because it defines what a company is, and what it wants to become. The Timeframes on this layer are more about the individual strategic goals that are produced here.
