This book is a reprint of the APA manual originally published in 1957. This APA style manual for writers, editors, students, educators, and professionals across all fields provides clear guidance on grammar, the mechanics of writing, and APA style. It includes examples, new guidelines and advice, and more.

The Publication Manual of the American Psychological Association is the style manual of choice for writers, editors, students, and educators in the social and behavioral sciences, nursing, education, business, and related disciplines.

Expanded and updated from the Electronic Resources section, The APA style guide to electronic resources outlines for students and writers the key elements with numerous examples. Dissertations and theses; bibliographies; curriculum and course material; reference materials, including Wiki; gray literature, such as conference hearings, presentation slides, and policy briefs; general interest media and alternative presses such as audio podcasts; and online communities, such as Weblog posts and video Weblog posts.

Provides guidelines and examples for handling research, outlining, spelling, punctuation, formatting, and documentation.

Information Architecture: Blueprints for the Web, Second Edition introduces the core concepts of information architecture: organizing web site content so that it can be found, designing website interaction so that it's pleasant to use, and creating an interface that is easy to understand. This book helps designers, project managers, programmers, and other information architecture practitioners avoid costly mistakes by teaching the skills of information architecture swiftly and clearly.

The classic work on group psychotherapy Hailed by Jerome Frank as "the best book that exists on the subject," Irvin D. Yalom's The Theory and Practice of Group Psychotherapy has been the standard text in the field for decades. In this completely revised and updated fifth edition, Dr. Yalom and his collaborator Dr. Molyn Leszcz expand the book to include the most recent developments in the field, drawing on nearly a decade of new research as well as their broad clinical wisdom and expertise. New topics include: online therapy, specialized groups, ethnocultural diversity, trauma and managed care. At once scholarly and lively, this is the most up-to-date, incisive, and comprehensive text available on group psychotherapy.

A Speaker ' s Guidebook is the best resource in the classroom, on the job, and in the community. Praised for connecting with students who use and keep it year after year, this tabbed, comb-bound text covers all the topics typically taught in the introductory course and is the easiest-to-use public speaking text available. In every edition, hundreds of instructors have helped us focus on the fundamental challenges of the public speaking classroom. Improving on this tradition, the fifth edition does even more to address these challenges with stronger coverage of overcoming speech anxiety, organizing and outlining, and more. And as the realities of public speaking change, so does A Speaker ' s Guidebook; the new edition also focuses on presentational speaking in a digital world — from finding credible sources online to delivering presentations in a variety of mediated formats. Read the preface.

" Gripping ... a compelling story of personal hubris and humbling defeat. " —Jack Weatherford,author of the New York Times bestseller Genghis Khan and the Making of the Modern World In a masterful dual narrative that pits the heights of human ambition and achievement against the supremacy of nature, New York Times bestselling author Stephan Talty tells the story of a mighty ruler and a tiny microbe, antagonists whose struggle would shape the modern world. In the spring of 1812, Napoleon Bonaparte was at the height of his powers. Forty-five million called him emperor, and he commanded a nation that was the richest, most cultured, and advanced on earth. No army could stand against his impeccably trained, brilliantly led forces, and his continued sweep across Europe seemed inevitable. Early that year, bolstered by his successes, Napoleon turned his attentions toward Moscow, helming the largest invasion in human history. Surely, Tear Alexander ' s outnumbered troops would crumble against this mighty force. But another powerful and ancient enemy awaited Napoleon ' s men in the Russian steppes. Virulent and swift, this microscopic foe would bring the emperor to his knees. Even as the Russians retreated before him in disarray, Napoleon found his army disappearing, his frantic doctors powerless to explain what had struck down a hundred thousand soldiers. The emperor ' s vaunted military brilliance suddenly seemed useless, and when the Russians put their own occupied capital to the torch, the campaign became a desperate race through the frozen landscape as troops continued to die by the thousands. Through it all, with tragic heroism, Napoleon ' s disease-ravaged, freezing, starving men somehow rallied, again and again, to cries of " Vive l ' Empereur! " Yet Talty ' s sweeping tale takes us far beyond the doomed heroics and bloody clashes of the battlefield. The Illustrious Dead delves deep into the origins of the pathogen that finally ended the mighty emperor ' s dreams of world conquest and exposes this " war plague " s " hidden role throughout history. A tale of two unstoppable forces meeting on the road to Moscow in an epic clash of killer microbe and peerless army, The Illustrious Dead is a historical whodunit in which a million lives hang in the balance.
