I called att and was told the phone did not come with a user manual, and if i wanted one I had to download the manual from LG. 114 pages! Unable to create a booklet, I had to print the pages. An att customer for decades, with uverse, home phone, internet and three cell phones, I get a product with no user manual.

Finally ... a quick, easy reference to using your Kindle Fire -- to the max! About the author: Steve Weber is founding publisher of KindleBuffet.com, which showcases five-star Kindle books currently available free (you may never have to pay for books again!). Amazon's Kindle Fire is the handiest tablet available, and is your portal to an infinite universe of education and entertainment. This valuable reference book explains how to quickly set up your Kindle, navigate the touch-screen, buy, rent or stream video, and browse the world's largest library of digital books. This reference guide demystifies the Kindle and explains in plain English how to master the Kindle basics, plus secret tips, tricks and shortcuts you won't find elsewhere. Each section includes clearly written step-by-step instructions, illustrated with screenshots and menus just like you'll see on your own Kindle screen.

A New York Times–bestselling author’s “superbly reported” account of the dismantling of the world’s largest corporation (The Washington Post). Written by the two-time Pulitzer Prize–winning author of Ghost Wars and Private Empire, The Deal of the Century chronicles the decade-long war for control of AT&T. When the US Department of Justice brought an antitrust lawsuit against AT&T in 1974, the telecommunications giant held a monopoly on phone service throughout the country. Over the following decade, an army of lawyers, executives, politicians, and judges spent countless hours clashing over what amounted to the biggest corporate breakup in American history. From boardroom to courtroom, Steve Coll untangles the myriad threads of this complex and critical case and gives readers “an excellent behind-the-scenes look” at the human drama involved in the remaking of an entire industry (The Philadelphia Inquirer). Hailed by the New York Times Book Review as “rich, intricate and convincing,” The Deal of the Century is the definitive narrative of a momentous turning point in the way America does business.

For more than 40 years, Computerworld has been the leading source of technology news and information for IT influencers worldwide. Computerworld's award-winning Web site (Computerworld.com), twice-monthly publication, focused conference series and custom research form the hub of the world's largest global IT media network.
