This handbook is the first to provide comprehensive, up-to-the-minute coverage

# Online Library Banner Time

of contemporary and  
developing Internet  
and online social  
research methods,  
spanning both  
quantitative and  
qualitative research  
applications. The  
editors have brought  
together leading  
names in the field of  
online research to  
give a thoroughly up  
to date, practical

# Online Library Banner Time

coverage, richly illustrated with examples. The chapters cover both methodological and procedural themes, offering readers a sophisticated treatment of the practice and uses of Internet and online research that is grounded in the principles of research

# Online Library Banner Time

methodology.

Beginning with an examination of the significance of the Internet as a research medium, the book goes on to cover research design, data capture, online surveys, virtual ethnography, and the internet as an archival resource, and concludes by looking

# Online Library Banner Time

at potential directions for the future of Internet and online research. The SAGE Handbook of Internet and Online Research Methods will be welcomed by anyone interested in the contemporary practice of computer-mediated research and scholarship.

Postgraduates,

# Online Library Banner Time

researchers and  
methodologists from  
disciplines across the  
social sciences will  
find this an invaluable  
source of reference.
