Paying tribute to Ansel Adams and the California Sierra Nevada wilderness area named in his honor, an esteemed National Geographic photographer captures the fragile beauty of the High Sierras through the modern lens of digital photography.

NEW YORK TIMES BESTSELLER Now in paperback—Peggy Orenstein, author of the groundbreaking New York Times bestseller *Girls & Sex*, turns her focus to the sexual lives of young men. “ Eye-opening.... Every few pages, the boy world cracks open a little bit.... Even in the most anxiety-provoking moments of *Boys & Sex*, it ’ s clear that Orenstein believes in the goodness of boys and the men they can become, and she believes in us, as parents, to raise them ” (New York Times Book Review). Peggy Orenstein ’ s *Girls & Sex* broke ground, shattered taboos, and launched conversations about young women ’ s right to pleasure and agency in sexual encounters. It also had an unexpected effect on its author: Orenstein realized that talking about girls is only half the conversation. Boys are subject to the same cultural forces as girls—steeped in the same distorted media images and binary stereotypes of female sexiness and toxic masculinity—which equally affect how they navigate sexual and emotional relationships. In *Boys & Sex*, Peggy Orenstein dives back into the lives of young people to once again give voice to the unspoken, revealing how young men understand and negotiate the new rules of physical and emotional intimacy. Drawing on comprehensive interviews with young men, psychologists, academics, and experts in the field, *Boys & Sex* dissects so-called locker room talk; how the word “ hilarious ” robs boys of empathy; pornography as the new sex education; boys ’ understanding

of hookup culture and consent; and their experience as both victims and perpetrators of sexual violence. By surfacing young men ' s experience in all its complexity, Orenstein is able to unravel the hidden truths, hard lessons, and important realities of young male sexuality in today ' s world. The result is a provocative and paradigm-shifting work that offers a much-needed vision of how boys can truly move forward as better men.

Sometimes in life you say certain words in conjunction with other words that you normally wouldn't, such as the word "holy" and the word "shit." Those times are rare and celebrated. Well, get your face hole ready, because this is one of those times: introducing The Alphabet of Manliness: Special Edition! If it's a crime to be awesome, then I deserve three life sentences and the death penalty. This literary kick to the dick may very well be the greatest compilation of all things manly throughout history. The new edition includes: • "The Numbers of Manliness." • A full-color insert • Corrections to typos! I, Maddox, the author, personally guarantee that this is the best edition of the book since the last one. This book is only for the saltiest, hairiest, most rugged sons of bitches out there. However, it would be selfish to keep it for myself, so feel free to pick up a copy. This humble tome of wisdom is a tribute to all men who toil away at work every day, getting their balls busted or busting balls alike. If you can't handle the punch to the colon I'm about to deliver to you, look on the bright side: you'll save a fortune on Halloween when kids come to your door to pick apart your candy ass. On the other hand, if you feel comfortable with the risk of having

your ass neatly packaged and handed to you with all the trimmings, cut the foreplay and crack the book open already.

Gujarat Files is the account of an eight-month long undercover investigation by journalist Rana Ayyub into the Gujarat riots, fake encounters and the murder of state Home Minister Haren Pandya that brings to the fore startling revelations. Posing as Maithili Tyagi, a filmmaker from the American Film Institute Conservatory, Rana met bureaucrats and top cops in Gujarat who held pivotal positions in the state between 2001 and 2010. The transcripts of the sting operation reveal the complicity of the state and its officials in crimes against humanity. With sensational disclosures about cases that run parallel to Narendra Modi and Amit Shah's ascent to power and their journey from Gujarat to New Delhi, the book tells you the hushed truth of the state in the words of those who developed amnesia while speaking before commissions of enquiry, but held nothing back in the secretly taped videos which form the basis of this remarkable read.

A reference guide to the Swedish and Finnish directors, screenwriters, actors, actresses and films from the silent film era through the nineties.

This book provides an accessible study of the neglected but highly important series of wars fought for control of the Baltic and Northeastern Europe during the period 1558-1721. It is the first comprehensive history which considers the revolution in

military strategy which took place in the battlefields of Eastern Europe. Robert Frost examines the impact of war on the very different social and political systems of Sweden, Denmark, Poland-Lithuania and Russia and he explains why it was Russia that emerged victorious from these wars. Based on extensive primary and secondary research (including much material that is unfamiliar in English) this book makes an important contribution to the debate on military change and political development in early modern Europe.

The intimate story of a unique marriage spanning the heights of British glamour and power that descends into infidelity, manipulation, and disaster through the heart of the twentieth century. **DICKIE MOUNTBATTEN:** A major figure behind his nephew Philip's marriage to Queen Elizabeth II and instrumental in the royal family taking the Mountbatten name, he was Supreme Allied Commander of South East Asia during World War II and the last Viceroy of India. **EDWINA MOUNTBATTEN:** Once the richest woman in Britain—and a playgirl who enjoyed numerous affairs—she emerged from World War II as a magnetic and talented humanitarian worker who was loved throughout the world. From British high society to the South of France, from the battlefields of Burma to the Viceroy's House, *The Mountbattens* is a rich and filmic story of a powerful partnership, revealing the truth behind a carefully curated legend. Was Mountbatten one of the outstanding leaders of his generation, or a man over-promoted because of his royal birth, high-level connections, film-star looks and ruthless self-promotion? What is the true story behind controversies such as the

Dieppe Raid and Indian Partition, the love affair between Edwina and Nehru, and Mountbatten's assassination in 1979?

Transcript of the documentary film I am not your Negro, composed of unpublished and published writings, interviews, and letters by James Baldwin on the subject of racism in America.

In this full biography of Gopal Krishna Gokhale reassesses the Indian political scene during the last decades of the nineteenth century and the first decade of the twentieth. In focusing on the career of the preeminent leader of his time, B. R. Nanda surveys the Indian Nationalist movement during the years 1885-1915 and especially the developments within the Indian National Congress. The author's clear account of Indo-British relations spans the administrations of Lords Curzon, Minto, and Hardinge. Through vignettes of eminent Indian contemporaries, insights into attitudes of officials, and vividly described popular reactions to British policies, he captures the spirit of India's political life at the turn of the century. B. R. Nanda interweaves his discussion of Gokhale's ideas and actions with analysis of major events of the day. He considers the ferment in Maharashtra, the social reform movement, the conflict between Moderates and Extremists in the Indian National Congress, the crisis in the Punjab in 1907, and many other important topics. His book gives rare glimpses of two great friends of India, A. O. Hume and William Wedderburn. Materials from Indian as well as British sources illuminate the pre-Gandhian phase of the conflict between

British imperialism and Indian nationalism. Originally published in 1977. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

A celebration of California by its most renowned photographer, this book features many rarely seen images and an intriguing selection of writings about the state by classic and contemporary authors. This volume collects for the first time a full range of Adams' California images. Sixty-five beautifully reproduced photographs capture some of California's most inimitable vistas - San Francisco, the Golden Gate, Point Reyes, the North Coast, redwood forests, Mt. Lassen, orchards in Santa Clara, Lake Tahoe, lettuce fields in the Salinas Valley, and the gold country, among many others. Accompanying these beautiful photographs are evocative poems, essays, and passages about California by a wide range of notable writers, including Robert Louis Stevenson, Mark Twain, John Muir, Robinson Jeffers, John Steinbeck, John McPhee, Wallace Stegner, and Joan Didion.
