Blue Ocean Strategy From Theory

Recognized as one of the most iconic and impactful strategy books ever written, Blue Ocean Strategy argues that cutthroat competition results in nothing but a bloody red ocean of rivals fighting over a shrinking profit pool. It presents a systematic approach to making the competition irrelevant and outlines principles and tools any organization can use to create and capture their own blue oceans.

What is Blue Ocean Strategy | About Blue Ocean Strategy

The U.S. wine industry provides an example of how various tools and frameworks can be applied in the creation of blue oceans. One such framework, the strategy canvas, captures the current states of play in the known market space. The four actions framework reconstructs buyer value elements by posing four key questions that challenge an industry's strategic logic and business model. When a particular wine manufacturer applied the four actions framework to the strategy canvas, it created a wine ...
