his abandonment by family, friends and God, an experience that transformed the author's relationships and self-understandings, "--Novelist.

The New York Times bestselling memoir about identity, love and understanding. Now a major motion picture starring Nicole Kidman, Russell Crowe, and Lucas Hedges, directed by Joel Edgerton. "Every sentence of the story will stir your soul" (O Magazine). The son of a Baptist pastor and deeply embedded in church life in small town Arkansas, as a young man Garrard Conley was terrified and conflicted about his sexuality. When Garrard was a nineteen-year-old college student, he was outed to his parents, and was forced to make a life-changing decision: either agree to attend a church-supported conversion therapy program that promised to "cure" him of homosexuality; or risk losing family, friends, and the God he had prayed to every day of his life. Through an institutionalized Twelve-Step Program heavy on Bible study, he was supposed to emerge heterosexual, ex-gay, cleansed of impure urges and stronger in his faith in God for his brush with sin. Instead, even when faced with a harrowing and brutal journey, Garrard found the strength and understanding to break out in search of his true self and forgiveness. By confronting his buried past and the burden of a life lived in shadow, Garrard traces the complex relationships among family, faith, and community. At times heart-breaking, at times triumphant, this memoir is a testament to love that survives despite all odds.

Read the book that's getting conversion therapy banned in Canada Winner of the Independent Book Publisher Award, Finalist for the Randy Shilts Award for Gay Nonfiction and the Saints and Sinners Emerging Writer Award. "Unforgettable... This book is appallingly appropriate in these times." – FOREWORD REVIEWS This resonant and acclaimed memoir recounts the six years that the author spent in a bizarre form of conversion therapy that attempted to "cure" him of his homosexuality, and the inspiring story of how he cast out shame and reclaimed his life. Kept with other patients in a cult-like home in British Columbia, Canada, Peter Gajdics was under the authority of a dominating, rogue psychiatrist who controlled his patients, in part, by creating and exploiting a false sense of family. Juxtaposed against his parents' tormented past—his mother's incarceration and escape from a communist concentration camp in post-World War II Yugoslavia, and his father's upbringing as an orphan in war-torn Hungary, *The Inheritance of Shame* explores the universal themes of childhood trauma, oppression, and intergenerational pain. "DEEPLY MOVING." – THE ADVOCATE "RAW AND UNFLINCHING" – KIRKUS REVIEWS "A HERO'S JOURNEY IN WHICH ANY READER, GAY OR STRAIGHT, CAN FIND INSPIRATION." – LAMBDA LITERARY FOUNDATION All over the United States and Canada, districts, cities and states are banning conversion,

Read Online Boy Erased A Memoir

ex-gay and reparative therapies. A powerful example of "healing through memoir," this book offers the most complete and compelling reason for those bans to date. A groundbreaking memoir, *The Inheritance of Shame* offers insights into overcoming all kinds of shame, especially that which has trickled down from previous generations, and into the complicated but all-too-worthwhile process of forgiveness.

Boy Erased: A Memoir by Garrard Conley: Conversation Starters After nine days in an ex-gay therapy program, Garrard Conley knew he could not be part of it anymore. He was suicidal as he left the program. The counselors impressed on the gay participants of their sinfulness and their need to be fixed. His mother admits later on that it was a mistake to make him attend the conversion program. He grew up with Missionary Baptist parents who believed deeply in the Christian faith, but being gay was a sin and was not considered acceptable. The book exposes the intolerance that exists today when people confront the issue of gay identity and sexuality. It is also a story about love, identity, and understanding. One of the top nonfiction books of 2016, the memoir *Boy Erased* is now a movie written and directed by Joel Edgerton with Nicole Kidman, Russell Crowe, and Lucas Hedges in the lead role. The book was a nominee for the Lambda Literary Award. A Brief Look Inside: EVERY GOOD BOOK CONTAINS A WORLD FAR DEEPER than the surface of its pages. The characters and their world come alive, and the characters and its world still live on. Conversation Starters is peppered with questions designed to bring us beneath the surface of the page and invite us into the world that lives on. These questions can be used to.. Create Hours of Conversation: - Promote an atmosphere of discussion for groups - Foster a deeper understanding of the book - Assist in the study of the book, either individually or corporately - Explore unseen realms of the book as never seen before Disclaimer: This book you are about to enjoy is an independent resource meant to supplement the original book. If you have not yet read the original book, we encourage you to before purchasing this unofficial Conversation Starters.

In this tender-hearted debut, set against the tumultuous backdrop of life in 1973, when homosexuality is still considered a mental illness, two boys defy all the odds and fall in love. The year is 1973. The Watergate hearings are in full swing. The Vietnam War is still raging. And homosexuality is still officially considered a mental illness. In the midst of these trying times is sixteen-year-old Jonathan Collins, a bullied, anxious, asthmatic kid, who aside from an alcoholic father and his sympathetic neighbor and friend Starla, is completely alone. To cope, Jonathan escapes to the safe haven of his imagination, where his hero David Bowie's Ziggy Stardust and dead relatives, including his mother, guide him through the rough terrain of his life. In his alternate reality, Jonathan can be anything: a superhero, an astronaut, Ziggy Stardust, himself, or completely "normal" and not a boy who likes other boys. When he completes his treatments, he will be normal--at least he hopes. But before that can

Read Online Boy Erased A Memoir

happen, Web stumbles into his life. Web is everything Jonathan wishes he could be: fearless, fearsome and, most importantly, not ashamed of being gay. Jonathan doesn't want to like brooding Web, who has secrets all his own. Jonathan wants nothing more than to be "fixed" once and for all. But he's drawn to Web anyway. Web is the first person in the real world to see Jonathan completely and think he's perfect. Web is a kind of escape Jonathan has never known. For the first time in his life, he may finally feel free enough to love and accept himself as he is. A poignant coming-of-age tale, *Ziggy, Stardust and Me* heralds the arrival of a stunning and important new voice in YA.

"Wise and funny . . . [A] near-perfect collection." –Entertainment Weekly
Rebecca Lee, one of our most gifted and original short story writers, guides readers into a range of landscapes, both foreign and domestic, crafting stories as rich as novels. A student plagiarizes a paper and holds fast to her alibi until she finds herself complicit in the resurrection of one professor's shadowy past. A dinner party becomes the occasion for the dissolution of more than one marriage. A woman is hired to find a wife for the one true soulmate she's ever found. In all, Rebecca Lee traverses the terrain of infidelity, obligation, sacrifice, jealousy, and yet finally, optimism. Showing people at their most vulnerable, Lee creates characters so wonderfully flawed, so driven by their desire, so compelled to make sense of their human condition, that it's impossible not to feel for them when their fragile belief in romantic love, domestic bliss, or academic seclusion fails to provide them with the sort of force field they'd expected.

"Versions of small portions of these essays have appeared in *Sundog lit*, *Tampa review*, *Hippocampus*, and *Essay daily*"--Acknowledgements.

Bobby Griffith was an all-American boy ...and he was gay. Faced with an irresolvable conflict-for both his family and his religion taught him that being gay was "wrong"-Bobby chose to take his own life. *Prayers for Bobby*, nominated for a 1996 Lambda Literary Award, is the story of the emotional journey that led Bobby to this tragic conclusion. But it is also the story of Bobby's mother, a fearful churchgoer who first prayed that her son would be "healed," then anguished over his suicide, and ultimately transformed herself into a national crusader for gay and lesbian youth. As told through Bobby's poignant journal entries and his mother's reminiscences, *Prayers for Bobby* is at once a moving personal story, a true profile in courage, and a call to arms to parents everywhere.
