Chapter 5, " The Bureaucratic Ethos, " brings together the previous two chapters on abstracted empiricism and types of practicality. Remember that, in chapter 3, Mills has criticized the sociological turn to polling as the primary method of doing social science. Then, in chapter 4, he criticized the increasing " illiberalism " of sociology, which instead of trying to reform society like it did in the 19th century now tries to serve a managerial elite that maintains society or further ...
