case study originates from a Cleaner Production assessment carried out at a Polish herring filleting plant. It shows what the company did and what the assessment achieved. The description below follows the Cleaner Production assessment methodology described in Chapter 5. 4.1 Phase I: Planning and organisation

## 4 CLEANER PRODUCTION CASE STUDY - [p2infohouse.org](http://p2infohouse.org)

Cleaner Production focuses on source reduction and recycling. To reduce wastes, the company can increase product life, change input materials, modify equipment,

# Download Ebook Cleaner Production Assessment 4 A

Regional University  
layout or piping, improve their production process, change equipment to more efficient one, and optimize operating conditions. The company may even look into their operating and management practices for improvements.

## Cleaner Production Tech. (CPT) Assessment

investment in cleaner production is usually, at least partly, in replacing existing systems or equipment. This has obvious implications for employment. A useful definition of cleaner production needs to take account of the distinction between

# Download Ebook Cleaner Production Assessment 4 A

technologies and processes.  
For example, a process may  
be made "cleaner" without
