Since the first edition of Common Sense on Mutual Funds was published in 1999, much has changed, and no one is more aware of this than mutual fund pioneer John Bogle. Now, in this completely updated Second Edition, Bogle returns to take another critical look at the mutual fund industry and help investors navigate their way through the staggering array of investment alternatives that are available to them.

Common Sense on Mutual Funds: Fully Updated 10th ...

Where To Download Common Sense On Mutual Funds Fully Updated 10th Anniversary Edition

“Common Sense on Mutual Funds” by John Bogle is a substantial book. It is quite long. Reading the newest version, the 10th anniversary edition, adds plentiful commentary, making this even longer. Bogle likes to offer as complete an argument as he can for low cost index funds, and I personally found it quite a bit beyond what I was expecting.

Common Sense on Mutual Funds: New Imperatives for the ...

"Common Sense on Mutual Funds," by John Bogle, inventor of the retail index fund and founder of the Vanguard Group. It's the best book ever on fund investing, just updated for new investors. The case for indexing is rock solid, as you'll see here. It's the only strategy that works, long term." —Jane's Book Club, <http://janebryantquinn.com>

The founder of the Vanguard Group offers an analysis of mutual fund investment, discussing the significance of asset allocation, the benefits of simplicity, index funds, tax costs, information technologies, and other investment principles

John C. Bogle shares his extensive insights on investing in mutual funds Since the first edition of Common Sense on Mutual Funds was published in 1999, much has changed, and no one is more aware of this than mutual fund pioneer John Bogle. Now, in this completely updated Second Edition, Bogle returns to take another critical look at the mutual fund industry and help investors navigate their way through the staggering array of investment alternatives that are available to them. Written in a straightforward and accessible style, this reliable resource examines the fundamentals of mutual fund investing in today's turbulent market environment and offers timeless advice in building an investment portfolio. Along the way, Bogle shows you how simplicity and common sense invariably trump costly complexity, and how a low cost, broadly diversified portfolio is virtually assured of outperforming the vast majority of Wall Street professionals over the long-term. Written by respected mutual fund industry legend John C. Bogle Discusses the timeless fundamentals of investing that apply in any type of market Reflects on the structural and regulatory changes in the mutual fund industry Other titles by Bogle: The Little Book of Common Sense Investing and Enough. Securing your financial future has never seemed

Where To Download Common Sense On Mutual Funds Fully Updated 10th Anniversary Edition

more difficult, but you'll be a better investor for having read the Second Edition of Common Sense on Mutual Funds.

The seminal work on mutual funds investing is now a Wiley Investment Classic. Certain books have redefined the way we view the world of finance and investing—books that should be on every investor's shelf. *Bogle On Mutual Funds*—the definitive work on mutual fund investing by one of finance's great luminaries—is just such a work, and has been added to the catalog of Wiley's Investment Classic collection. Updated with a new introduction by expert John Bogle, this comprehensive book provides investors with the wisdom of the pioneer of mutual funds to help you identify and execute the ideal mutual fund investment choices for your portfolio. The former Vanguard Chief Executive, Bogle has long been mutual funds' most outspoken critic; in this classic book, he provides guidance on what you should and shouldn't believe when it comes to mutual funds, along with the story of persistence and perseverance that led to this seminal work. You'll learn the differences between common stock, bond, money market, and balanced funds, and why a passively managed "index" fund is a smarter investment than a fund managed by someone making weighted bets on individual securities, sectors, and the economy. Bogle reveals the truth behind the advertising, the mediocre performance, and selfishness, and highlights the common mistakes many investors make. Consider the risks and rewards of investing in mutual funds. Learn how to choose between the four basic types of funds. Choose the lower-cost, more reliable investment structure. See through misleading advertising, and watch out for pitfalls. Take a look into this timeless classic and let *Bogle On Mutual Funds* show you how to invest in mutual funds the right way, with the expert perspective of an industry leader.

Where To Download Common Sense On Mutual Funds Fully Updated 10th Anniversary Edition

Get fifty years of industry-defining expertise in a single volume John Bogle on Investing is a compilation of the best speeches ever delivered by one of the 20th century's towering financial giants. Individually, each of these speeches delivers a powerful lesson in investing; taken together, Bogle's lifelong themes ring loud and clear. His investing philosophy has remained more or less constant throughout his illustrious career, and this book lays it out so you can learn from the very best. You'll learn what makes a successful investment strategy, consider the productive economics of long-term investing, and how emotional investment in financial markets is often counterproductive enough to forfeit success. Bogle discusses the "fiscal drag" of investing, and shows you how to cut down on sales charges, management fees, turnover costs, and opportunity costs, as he unravels a lifetime's worth of expertise to give you deep insight into the mind of a master at work. John C. Bogle founded Vanguard in 1974, then in the space of a few years, introduced the index mutual fund, pioneered the no-load mutual fund, and redefined bond fund management. This book wraps up the essence of his half-century of knowledge to deepen your understanding and enhance your investment success. Learn why simple strategies are best Discover how emotions can ruin the best investment plan Examine the universality of indexing in the financial markets Minimize the costs — financial and otherwise — associated with investing John Bogle is still in there fighting, still pushing the industry onward and upward. Take this rare opportunity to have industry-shaping expertise at your fingertips with John Bogle on Investing.

The best-selling investing "bible" offers new information, new insights, and new perspectives The Little Book of Common Sense Investing is the classic guide to getting smart about the market. Legendary mutual fund pioneer John C. Bogle reveals his key to getting more out of investing: low-cost index funds. Bogle describes the simplest and most effective investment strategy for building wealth over the

Where To Download Common Sense On Mutual Funds Fully Updated 10th Anniversary Edition

long term: buy and hold, at very low cost, a mutual fund that tracks a broad stock market Index such as the S&P 500. While the stock market has tumbled and then soared since the first edition of Little Book of Common Sense was published in April 2007, Bogle's investment principles have endured and served investors well. This tenth anniversary edition includes updated data and new information but maintains the same long-term perspective as in its predecessor. Bogle has also added two new chapters designed to provide further guidance to investors: one on asset allocation, the other on retirement investing. A portfolio focused on index funds is the only investment that effectively guarantees your fair share of stock market returns. This strategy is favored by Warren Buffett, who said this about Bogle: "If a statue is ever erected to honor the person who has done the most for American investors, the hands-down choice should be Jack Bogle. For decades, Jack has urged investors to invest in ultra-low-cost index funds. . . . Today, however, he has the satisfaction of knowing that he helped millions of investors realize far better returns on their savings than they otherwise would have earned. He is a hero to them and to me." Bogle shows you how to make index investing work for you and help you achieve your financial goals, and finds support from some of the world's best financial minds: not only Warren Buffett, but Benjamin Graham, Paul Samuelson, Burton Malkiel, Yale's David Swensen, Cliff Asness of AQR, and many others. This new edition of The Little Book of Common Sense Investing offers you the same solid strategy as its predecessor for building your financial future. Build a broadly diversified, low-cost portfolio without the risks of individual stocks, manager selection, or sector rotation. Forget the fads and marketing hype, and focus on what works in the real world. Understand that stock returns are generated by three sources (dividend yield, earnings growth, and change in market valuation) in order to establish rational expectations for stock returns over the coming decade. Recognize that in the long run, business reality trumps market expectations. Learn how to harness the magic of compounding returns

Where To Download Common Sense On Mutual Funds Fully Updated 10th Anniversary Edition

while avoiding the tyranny of compounding costs. While index investing allows you to sit back and let the market do the work for you, too many investors trade frantically, turning a winner's game into a loser's game. The Little Book of Common Sense Investing is a solid guidebook to your financial future.

John Bogle puts our obsession with financial success in perspective Throughout his legendary career, John C. Bogle-founder of the Vanguard Mutual Fund Group and creator of the first index mutual fund-has helped investors build wealth the right way and led a tireless campaign to restore common sense to the investment world. Along the way, he's seen how destructive an obsession with financial success can be. Now, with *Enough.*, he puts this dilemma in perspective. Inspired in large measure by the hundreds of lectures Bogle has delivered to professional groups and college students in recent years, *Enough.* seeks, paraphrasing Kurt Vonnegut, "to poison our minds with a little humanity." Page by page, Bogle thoughtfully considers what "enough" actually means as it relates to money, business, and life. Reveals Bogle's unparalleled insights on money and what we should consider as the true treasures in our lives Details the values we should emulate in our business and professional callings Contains thought-provoking life lessons regarding our individual roles in society Written in a straightforward and accessible style, this unique book examines what it truly means to have "enough" in world increasingly focused on status and score-keeping.

Praise for *Don't Count On It!* "This collection of Jack Bogle's writings couldn't be more timely. The clarity of his thinking—and his insistence on the relevance of ethical standards—are totally relevant as we strive to rebuild a broken financial system. For too many years, his strong voice has been lost amid the cacophony of competing self-interests, misdirected complexity, and unbounded greed. Read, learn, and

Where To Download Common Sense On Mutual Funds Fully Updated 10th Anniversary Edition

support Jack's mission to reform the industry that has been his life's work." —PAUL VOLCKER, Chairman of the President's Economic Recovery Advisory Board and former Chairman of the Federal Reserve (1979–1987) "Jack Bogle has given investors throughout the world more wisdom and plain financial 'horse sense' than any person in the history of markets. This compendium of his best writings, particularly his post-crisis guidance, is absolutely essential reading for investors and those who care about the future of our society." —ARTHUR LEVITT, former Chairman, U.S. Securities and Exchange Commission "Jack Bogle is one of the most lucid men in finance." —NASSIM N.TALEB, PhD, author of *The Black Swan* "Jack Bogle is one of the financial wise men whose experience spans the post–World War II years. This book, encompassing his insights on financial behavior, pitfalls, and remedies, with a special focus on mutual funds, is an essential read. We can only benefit from his observations." —HENRY KAUFMAN, President, Henry Kaufman & Company, Inc. "It was not an easy sell. The joke at first was that only finance professors invested in Vanguard's original index fund. But what a triumph it has been. And what a focused and passionate drive it took: it is a zero-sum game and only costs are certain. Thank you, Jack." —JEREMY GRANTHAM, Cofounder and Chairman, GMO "On finance, Jack Bogle thinks unconventionally. So, this sound rebel turns out to be right most of the time. Meanwhile, many of us sometimes engage in self-deception. So, this book will set us straight. And in the last few pages, Jack writes, and I agree, that Peter Bernstein was a giant. So is Jack Bogle." —JEAN-MARIE EVEILLARD, Senior Adviser, First Eagle Investment Management Insights into investing and leadership from the founder of The Vanguard Group Throughout his legendary career, John Bogle—founder of the Vanguard mutual fund group and creator of the first index mutual fund—has helped investors build wealth the right way, while, at the same time, leading a tireless campaign to restore common sense to the investment world. A collection of essays based on speeches delivered to

professional groups and college students in recent years, in *Don't Count on It* is organized around eight themes: Illusion versus reality in investing; Indexing to market returns; Failures of capitalism; The flawed structure of the mutual fund industry; The spirit of entrepreneurship; What is enough in business, and in life; Advice to America's future leaders; The unforgettable characters who have shaped his career. Widely acclaimed for his role as the conscience of the mutual fund industry and a relentless advocate for individual investors, in *Don't Count on It*, Bogle continues to inspire, while pushing the mutual fund industry to measure up to their promise.

A journey through the Index Revolution from the man who started it all: *Stay the Course* is the story of the Vanguard Group as told by its founder, legendary investor John C. Bogle. This engrossing book traces the history of Vanguard—the largest mutual fund organization on earth. Offering the world's first index mutual fund in 1976, John Bogle led Vanguard from a \$1.4 billion firm with a staff of 28 to a global company of 16,000 employees and with more than \$5 trillion in assets under management. An engaging blend of company history, investment perspective, and personal memoir, this book provides a fascinating look into the mind of an extraordinary man and the company he created. John Bogle continues to be an inspiring and trusted figure to millions of individual investors the world over. His creative innovation, personal integrity, and stubborn determination infuse every aspect of the company he founded. This accessible and engaging book will help you: Explore the history of some of Vanguard's most important mutual funds, including First Index Investment Trust, Wellington Fund, and Windsor Fund; Understand how the Vanguard Group gave rise to the Index Revolution and transformed the lives of millions of individual investors; Gain insight on John Bogle's views on values such as perseverance, caring, commitment, integrity, and fairness; Investigate a wide range of investing topics.

Investing an hour reading this short book will make you a better investor." --Burton G. Malkiel, Princeton University, Professor of Economics Author: "A Random Walk Down Wall Street" "Crisp, simple, and irrefutably great investment advice." --Allan S. Roth, CBS MoneyWatch columnist Author: "Dare To Be Dull" "Hide this book in a safe place because grossly overpaid investment advisors are burning every copy they can find." --Rick Ferri, CFA, President, Portfolio Solutions LLC Author: "All About Asset Allocation, All About Index Funds, "and others. "Rick has produced a masterful financial guide for beginning investors and old hands alike. If you want to get started investing the right way, this book provides the clarity and backbone to achieve your financial destiny." --Bill Schultheis, Financial Adviser, Soundmark Wealth Management, LLC Author: "The New Coffeehouse Investor" "Rick has provided a great service. In terms that the novice investor can understand, he provides ten simple rules that provide the prescription for investment success. In fact, if you follow his rules you are virtually guaranteed to outperform the majority of investors, both individual and professionals alike." --Larry Swedroe, Principal and Director of Research, Buckingham Family of Financial Services Author of eleven books on investing

A simple guide to a smarter strategy for the individual investor A Wealth of Common Sense sheds a

Where To Download Common Sense On Mutual Funds Fully Updated 10th Anniversary Edition

refreshing light on investing, and shows you how a simplicity-based framework can lead to better investment decisions. The financial market is a complex system, but that doesn't mean it requires a complex strategy; in fact, this false premise is the driving force behind many investors' market "mistakes." Information is important, but understanding and perspective are the keys to better decision-making. This book describes the proper way to view the markets and your portfolio, and show you the simple strategies that make investing more profitable, less confusing, and less time-consuming. Without the burden of short-term performance benchmarks, individual investors have the advantage of focusing on the long view, and the freedom to construct the kind of portfolio that will serve their investment goals best. This book proves how complex strategies essentially waste these advantages, and provides an alternative game plan for those ready to simplify. Complexity is often used as a mechanism for talking investors into unnecessary purchases, when all most need is a deeper understanding of conventional options. This book explains which issues you actually should pay attention to, and which ones are simply used for an illusion of intelligence and control. Keep up with—or beat—professional money managers Exploit stock market volatility to your utmost advantage Learn where advisors and consultants fit into smart strategy Build a portfolio that makes sense for your particular situation You don't have to outsmart the market if you can simply outperform it. Cut through the confusion and noise and focus on what actually matters. A Wealth of Common Sense clears the air, and gives you the insight you need to become a smarter, more successful investor.
