Completely updated and revised to include the 2005 guidelines for cardiovascular resuscitation (CPR) and emergency cardiovascular care (ECC), CPR and AED, Fifth Edition integrates the training of CPR and AED into one simple program. This program teaches basic life support and addresses breathing and cardiac emergencies in caring for adults, children, and infants. It is also designed to facilitate the efficient training, testing, and retesting in the use of automated external defibrillators (AEDs).

Be sure you have the knowledge you need to become a Certified Dental Assistant or pass your local and state exams! Three simulated practice certification exams – 960 multiple-choice questions in all – closely mirror the content you'll be tested on, so you get the best preparation possible. This title includes additional digital media when purchased in print format. For this digital book edition, media content is not included. Three simulated Certified Dental Assistant (CDA) practice exams are organized into CDA exam sections, with the same number of questions you can expect to see in each section – General Chairside, Infection Control, and Radiation Health and Safety. Photos and illustrations pictured with the exam questions provide a realistic exam simulation. Rationales for correct and incorrect answers help you assess your understanding and gauge your exam readiness. Web links to national organizations and relevant dental sites help you know where to look for additional information.

Key business indicators include: Population, Personal Income, Gross National Product, Corp. Profits before Tax, Manufacturing: new orders, Business Inventories, Retail Sales, Industrial Production Index, Housing Starts: private nonfarm, Civilian Labor Force, Consumer Price Index, Balance of Payments, Merchandise Exports, and General Imports.
