In the years after World War II, Westerners and Japanese alike elevated Zen to the quintessence of spirituality in Japan. Pursuing the sources of Zen as a Japanese ideal, Shoji Yamada uncovers the surprising role of two cultural touchstones: Eugen Herrigel's Zen in the Art of Archery and the Ryoanji dry-landscape rock garden. Yamada shows how both became facile conduits for exporting and importing Japanese culture. First published in German in 1948 and translated into Japanese in 1956, Herrigel's book popularized ideas of Zen both in the West and in Japan. Yamada traces the prewar history of Japanese archery, reveals how Herrigel mistakenly came to understand it as a traditional practice, and explains why the Japanese themselves embraced his interpretation as spiritual discipline. Turning to Ryoanji, Yamada argues that this epitome of Zen in fact bears little relation to Buddhism and is best understood in relation to Chinese myth. For much of its modern history, Ryoanji was a weedy, neglected plot; only after its allegorical role in a 1949 Ozu film was it popularly linked to Zen. Westerners have had a part in redefining Ryoanji, but as in the case of archery, Yamada's interest is primarily in how the Japanese themselves have invested this cultural site with new value through a spurious association with Zen.

Which sort of seducer could you be? Siren? Rake? Cold Coquette? Star? Comedian? Charismatic? Or Saint? This book will show you which. Charm, persuasion, the ability to create illusions: these are some of the many dazzling gifts of the Seducer, the compelling figure who is able to manipulate, mislead and give pleasure all at once. When raised to the level of art, seduction, an indirect and subtle form of power, has toppled empires, won elections and enslaved great minds. In this beautiful, sensually designed book, Greene unearths the two sides of seduction: the characters and the process. Discover who you, or your pursuer, most resembles. Learn, too, the pitfalls of the anti-Seducer. Immerse yourself in the twenty-four manoeuvres and strategies of the seductive process, the ritual by which a seducer gains mastery over their target. Understand how to 'Choose the Right Victim', 'Appear to Be an Object of Desire' and 'Confuse Desire and Reality'. In addition, Greene provides instruction on how to identify victims by type. Each fascinating character and each cunning tactic demonstrates a fundamental truth about who we are, and the targets we've become - or hope to win over. The Art of Seduction is an indispensable primer on the essence of one of history's greatest weapons and the ultimate power trip. From the internationally bestselling author of The 48 Laws of Power, Mastery, and The 33 Strategies Of War.

Find biblical answers, hope, and reassurance as Derek Prince explores how evil entered the world, was defeated at the cross, and how God will finally eradicate it from the universe.

The New York Times–bestselling series in one volume Born to a British army officer and a Chinese refugee, Nicholas Linnear grows up in Japan, where he falls in love with the nation’s culture, its history, and its deadliest martial arts. In The Ninja, Linnear quits his job abruptly when he feels himself yearning for the life he led in Japan. Searching for direction, he meets a striking beauty named Justine and is beginning to fall in love when something chilling draws him back into his past: the corpse of a coworker, murdered by a Japanese throwing star. There is a ninja loose in New York City, and as the body count rises, it becomes clear that people close to Linnear are being targeted. Only he has the skill to stop a twisted killer with a personal vendetta. In The Miko, Linnear vows revenge after his best friend dies under suspicious circumstances. But although he may look American, a childhood spent in the dojos of Japan taught Linnear that

vengeance must never be hurried. He takes a job for the billionaire industrialist who ordered the murder, planning to befriend his target during a trip to Tokyo. But even for a modern-day ninja, there is such thing as too close for comfort. In White Ninja, a sadist haunts the back alleys and sex clubs of Tokyo, picking up women, horrifically mutilating them, and leaving behind a calling card written in blood: This could be your wife. He kills fearlessly, certain the police will never catch him. The only man who might stop this fiend is Nicholas Linnear, one of the country's leading practitioners of ninjutsu.

Written in English by a Japanese scholar in 1906, ""The Book of Tea"" is an elegant attempt to explain the philosophy of the Japanese Tea Ceremony, with its Taoist and Zen Buddhist roots, to a Western audience in clear and simple terms. One of the most widely-read English works about Japan, it had a profound influence on western undertsanding of East Asian tradition.

Zen Training is a comprehensive handbook for zazen, seated meditation practice, and an authoritative presentation of the Zen path. The book marked a turning point in Zen literature in its critical reevaluation of the enlightenment experience, which the author believes has often been emphasized at the expense of other important aspects of Zen training. In addition, Zen Training goes beyond the first flashes of enlightenment to explore how one lives as well as trains in Zen. The author also draws many significant parallels between Zen and Western philosophy and psychology, comparing traditional Zen concepts with the theories of being and cognition of such thinkers as Heidegger and Husserl.

The Book of Equanimity contains the first-ever complete English language commentary on one of the most beloved classic collections of Zen teaching stories (koans), making them vividly relevant to spiritual seekers and Zen students in the twenty-first century. Continually emphasizing koans as effective tools to discover and experience the deepest truths of our being, Wick brings the art of the koan to life for those who want to practice wisdom in their daily lives. The koan collection Wick explores here is highly esteemed as both literature and training material in the Zen tradition, in which koan-study is one of two paths a practitioner might take. This collection is used for training in many Zen centers in the Americas and in Europe but has never before been available with commentary from a contemporary Zen master. Wick's Book of Equanimity includes new translations of the preface, main case and verse for each koan, and modern commentaries on the koans by Wick himself.

The Blue Cliff Record is a classic text of Zen Buddhism, designed to assist in the activation of dormant human potential. The core of this extraordinary work is a collection of one hundred traditional citations and stories, selected for their ability to bring about insight and enlightenment. These vignettes are known as gongan in Chinese and koan in Japanese. Secrets of the Blue Cliff Record is a fresh translation featuring newly translated commentary from two of the greatest Zen masters of early modern Japan, Hakuin Ekaku (1685–1768) of the Rinzai sect of Zen and Tenkei Denson (1648–1735) of the Soto sect of Zen. This translation and commentary on The Blue Cliff Record sheds new light on the meaning of this central Zen text.
