Fjalë të urta nga Sami Frashëri SAMI FRASHËRI • Mejtimet më të larta gjenden në fjalët më të shkurtra. • Njerëzit janë të njëjtë para natyrës, edukata i bën të dallohen. • Njollat që na ngjiten në trup, lahen me ujë, njollat e shpirtit s'ka gjë t'i pastrojë. • Mos shkruaj gjë kur

---

Discovering an earthen tunnel in their 1944 London suburb, six children share a summer of subterranean exploration and reunite six decades later when a box with skeletal remains is found in the same location. By the Edgar Award-winning author of the Inspector Wexford series. 60,000 first printing.

From the Nobel Prize-winning author of *My Name Is Red* and *Snow*, a large-format, deluxe, collectible edition of his beloved memoir about life in Istanbul, with more than 200 added illustrations and a new introduction. Orhan Pamuk was born in Istanbul and still lives in the family apartment building where his mother first held him in her arms. His portrait of his city is thus also a self-portrait, refracted by memory and the melancholy--or hüzn--that all Istanbulus share: the sadness that comes of living amid the ruins of a lost empire. With cinematic fluidity, Pamuk moves from the lives of his glamorous, unhappy parents to the gorgeous, decrepit mansions overlooking the Bosphorus; from the dawning of his self-consciousness to the writers and painters--both Turkish and foreign--who would shape his consciousness of his city. Like Joyce's Dublin and Borges' Buenos Aires, Pamuk's Istanbul is a triumphant encounter of place and sensibility, beautifully written and immensely moving.

Generous selection from Turkey's greatest modern poet, in superb English translations.

When it was first published in the author's native country, THE PALACE OF DREAMS was immediately banned. The novel revolves around a secret ministry whose task is not just to spy on its citizens, but to collect and interpret their dreams. An entire nation's unconscious is thus tapped and meticulously laid bare in the form of images and symbols of the dreaming mind.
