By adding existing available light to a post sunset environment you can get spectacular photos. About the photos: The photos from the Delta Queen were shot after sunset along the river in Decatur, Alabama using a Canon EOS 5D and a 24-70mm f2.8 lens. The exposure was ISO 800 at about 1/4 second at f2.8.

~~How to Shoot with Available Light—Digital Photography School~~

Available and ambient light refer to any and all light sources the photographer did not introduce for their photograph; light bulbs, candles, fire, neon, to name a few. The available light around us is a great opportunity for our photography and photographers should be passionate about making best use of this light when capturing a
