Doing Business in Iran. Iran's tumultuous political history has meant that despite the country's wealth of resources, it has been relatively isolated from the global economy. International business partnerships with Iran have been tentative at best and are generally limited to the energy sector. Unfortunately, negative images and stereotypes of Iranian society have clouded the great warmth and hospitality of the Iranian people.

The US imposed Monday sanctions on six Chinese entities and two individuals for doing business with Iran's Islamic Republic of Iran Shipping Lines.

To enhance profits for corporations, the Iraq War was planned by Dick Cheney when he was CEO of Halliburton; a Hell of a price to pay for innocent casualties.

Iran Investment and Business Guide Volume 1 Strategic and Practical Information

Over three decades after the Iranian Revolution reconfigured the strategic landscape in the Middle East, scholars are still trying to decipher its aftereffects. Suzanne Maloney provides the first comprehensive overview of Iran's political economy since the 1979 revolution and offers detailed examinations of two aspects of the Iranian economy of direct interest to scholars and non-specialist readers of Iran: the energy sector and the role of sanctions. Based on the author's research as both a scholar and government advisor, the book also features interviews with American and Iranian government officials. Moving chronologically from the early years under Khomeini, through the economic deprivations of the 1980s during the Iran-Iraq war, through liberalization under Khatami to the present, Maloney offers fascinating insights into Iran's domestic politics and how economic policies have affected ideology, leadership priorities, and foreign relations.

Economic sanctions are increasingly important instruments of regulatory and foreign policy. This book provides a detailed study of the post-9/11 financial sanctions programmes in the US and Europe, examining the key regulatory and legal issues that confront businesses and related liability issues for third parties and individuals.
