Algebra and Trigonometry - Pearson This is an updated version of the original "Algebra and Trigonometry Structure and Method Book 2" from the mid 1960s. These are the best high school algebra books for students with an aptitude for math. I prefer the older version. I think the newer version was made as a compromise with the opponents to the new math, and it is not quite as effective.

Algebra and Trigonometry: Structure and Method, Book 2 ... A good second year Algebra book to follow the first year Algebra Structure and Method "classic." I love both those books. They have plenty of examples, plenty of exercises levels A, B, C from basic to more challenging. There are just enough colored pictures and supplementary material to keep the book from looking dry and boring, but it isn't so ...
