## Early Childhood Education Research Papers - Academia.edu

Most of the learning that takes place in early childhood education is based on the research and writings of Jean Piaget. Piaget's theory states that students in this age category learn the most when they are able to learn through play. Play is an important part of development in children, not merely as a busy activity but in developing skills necessary for life. Types of play particularly associated with early childhood education are: Arts and crafts; Games
