Top Secret. As its name implies, 'Top Secret' is the highest level of classification. 'Top Secret' means that the unauthorized disclosure is reasonably expected to cause exceptionally grave damage to the national security. About 25% of all newly classified documents are labeled "confidential", 65% will fall into the "secret" category while the remaining 10% are graded "top secret."

A trade secret is typically defined as any confidential information that is secretly held by a business to gain an economic advantage over its competitors. Some common trade secret examples are designs, blueprints, formulas, machine processes, business and manufacturing methods, cost information, office techniques, customer lists, and computer programs, to name a few.

as I believe this is the only way one can be happy. But, of course, I have other lesser habits and oddities that I keep in secret.

## ~~My Secrets: Free Reflective Essay Sample~~

On the other hand, confidential is generally related to official usage like confidential files, confidential papers, etc. The major difference arises when they specify the category of information. Information pertaining to national security is often categorized into three categories comprising of top secret, secret and confidential.
