James Harner's popular pamphlet, first published in 1985, has been revised and updated in the light of advances in computer technology and the availability of humanities databases. Harner offers useful information on planning research, organizing an annotated bibliography, compiling entries, using a computer to prepare the manuscript, and editing. While the booklet focuses on the preparation of a comprehensive bibliography on a single literary author, the procedures and techniques are easily adapted to selective or subject bibliographies and to other periods and disciplines.

This comprehensive and practical guide covers the elements, style, and use of annotated bibliographies in the research and writing process for any discipline; key disciplinary conventions; and tips for working with digital sources. Written jointly by a library director and a writing center director, this book is packed with examples of individual bibliography entries and full bibliography formats for a wide range of academic needs. Online resources include sample bibliographies, relevant web links, printable versions of checklists and figures, and further resources for instructors and researchers. *Writing the Annotated Bibliography* is an essential resource for first-year and advanced composition classes, courses in writing across the disciplines, graduate programs, library science instruction programs, and academic libraries at the secondary level and beyond. It is suitable for both undergraduate and graduate students and for researchers at all levels.

In 1991, the Government of Canada ratified the United Nations Convention on the Rights of the Child, requiring governments at all levels to ensure that Canadian laws and practices safeguard the rights of children. *A Question of Commitment: Children's Rights in Canada* is the first book to assess the extent to which Canada has fulfilled this commitment. The editors, R. Brian Howe and Katherine Covell, contend that Canada has wavered in its commitment to the rights of children and is ambivalent in the political culture about the principle of children's rights. *A Question of Commitment* expands the scope of the editors' earlier book, *The Challenge of Children's Rights for Canada*, by including the voices of specialists in particular fields of children's rights and by incorporating recent developments.

While much work has been done on goddesses of the ancient world and the male gods of pre-Christian Scandinavia, the northern goddesses have been largely neglected. *Roles of the Northern Goddess* presents a highly readable study of the worship of these goddesses by men and women. With its use of evidence from early literature, popular tradition, legend and archaeology, this book investigates the role of the early hunting goddess and the local goddesses who were involved in all aspects of the household and the farm. What emerges is that the goddess was both benevolent and destructive, a powerful figure closely concerned with birth and death and with destiny of individuals.

An essential volume for generations of writers young and old, *Bird by Bird* is a modern classic. This twenty-fifth anniversary edition will continue to spark creative minds for years to come. For a quarter century, more than a million readers—scribes and scribblers of all ages and abilities—have been inspired by Anne Lamott's hilarious, big-hearted, homespun advice. Advice that begins with the simple words of wisdom passed down from Anne's father—also a writer—in the iconic passage that gives the book its title: "Thirty years ago my older brother, who was ten years old at the time, was trying to get a report on birds written that he'd had three months to write. It was due the next day. We were out at our family cabin in Bolinas, and he was at the kitchen table close to tears, surrounded by binder paper and pencils and unopened books on birds, immobilized by the hugeness of the task ahead. Then my father sat down beside him, put his arm around my brother's shoulder, and said, "Bird by bird, buddy. Just take it bird by
