An alternative adaptation of the State's Biodiversity lab. I have concentrated on the evolutionary relationships aspect of the lab and removed the biodiversity piece, to be done separately. At this time, you will still need the first two pages of instructions from the State lab, but I have students write all answers in this version of the lab.

About Explore Biology: Contact Us: Cells, Diffusion and Osmosis. This laboratory exercise is presented as an alternative to the traditional AP Diffusion and Osmosis lab. I always felt the "official" lab skimmed in some spots (like the analysis questions) but went into too much abstract discussion of water potential and lost the students in ...
