basic, easy pose. That's why I chose this one to begin with. It's easy to describe and easy to understand – “portrait shot from a side”. So you might start with saying to your model “Ok, turn with your side towards me, turn your ...

Posing Guide for Photographing Women: 7 Poses to Get 21 Photos
There are many standing model poses out there. This is a popular one that can make any female model look great. Ask your model to put one leg in front of the other. She can lean on her back leg and raise her front leg a little bit, as pictured above. 14. Hands on Cheeks. This is a great female pose for portrait photography close-ups. Your model should put both of her hands on her cheeks.
