don't recommend the IT manuals, they lack detail.

~~Ford 801 powermaster  
Injector pump and wiring.~~  
Fuel injectors are one of the most vulnerable parts in a vehicle for getting clogged, dirty and plugged. This can be a problem, as without properly functioning fuel injectors, it is impossible for your vehicle to run. Cleaning the fuel injectors on your Ford vehicle often can be an important part of regular vehicle maintenance. Doing so is simple and requires only a few minutes.
