Sociologists will be familiar with Michael Burawoy's 'four sociologies', namely, professional, policy, critical and public. Professional sociology encompasses the bread-and-butter tasks of the discipline, asking and endeavouring to answer 'how' and 'why' questions about social phenomena of interest. Policy sociology aspires to support the formulation and implementation of policy across such domains as education, jobs, welfare and health by constructing usable evidence bases.

~~Six Sociologies | Department of Sociology~~

Industrialisation normally means the separation of home from workplace and the development of specifically work related roles which nevertheless pervade the whole of society. This has hugely influenced the development of relationships between people based on class background and the social construction of gender differences.
