Haunting, lyrical, unforgettable, *Girl in the Dark* is a brave new memoir of a life without light. Anna Lyndsey was young and ambitious and worked hard; she had just bought an apartment; she was falling in love. Then what started as a mild intolerance to certain kinds of artificial light developed into a severe sensitivity to all light. Now, at the worst times, Anna is forced to spend months on end in a blacked-out room, where she loses herself in audiobooks and elaborate word games in an attempt to ward off despair. During periods of relative remission, she can venture out cautiously at dawn and dusk into a world that, from the perspective of her cloistered existence, is filled with remarkable beauty. And through it all there is Pete, her love and her rock, without whom her loneliness seems boundless. One day Anna had an ordinary life, and then the unthinkable happened. But even impossible lives, she learns, endure. *Girl in the Dark* is a

Anna Lyndsey was living a normal life. She enjoyed her job; she was ambitious; she was falling in love. Then the unthinkable happened. It began with a burning sensation on her face when she was exposed to computer screens and fluorescent lighting. Then the burning spread and the problematic light sources proliferated. Now her extreme sensitivity to light in all forms means she must spend much of her life in total darkness. During the best times, she can venture cautiously outside at dusk and dawn, avoiding high-strength streetlamps. During the worst, she must spend months in a darkened room, listening to audiobooks, inventing word-games and fighting to keep despair at bay. Told with great beauty, humour and honesty, Girl
