trainees, need a quick, dependable reference to inform their clinical decisions. Compared to other softcover neonatal handbooks, this is my favorite, and it has become the most widely used book in the NICUs that I have visited. It is no longer a small pocket-sized book, but its unique attribute of being both comprehensive and concise makes it the preferred reference in this area. The section of "On-Call" problems is invaluable to residents, and they are now frequently searching for the latest edition in our unit.
