which literacy and language can flourish. Through guided reading, students learn how to engage in every facet of the reading process and apply their reading power to all literacy contexts. Also check out our new on-demand mini-course: *Introducing Texts Effectively in Guided Reading Lessons*

Provides a list of 7,500 titles, including caption books, series books, and natural language texts, for children in kindergarten through grade three.

Geared towards primary school teachers to understand the foundation for literacy development

Discusses the use of leveled texts in kindergarten through eighth-grade classrooms, examines the "text base" needed for effective language literacy instruction, provides guidelines for creating a high-quality leveled book collection and matching books to readers, and explains how to analyze and level books.

Now aligned to the Expanded Edition of *The Fountas & Pinnell Literacy Continuum*! Play and language are critical learning tools for the prekindergarten child. Through play and language, they learn about their world and about themselves. Play and language are also the most important tools for early literacy learning. Think of the young child who takes a memo pad and marker around to family members, "taking orders" for dinner. Like all emergent readers and writers, this child makes no distinction between play and literacy—both involve curiosity, excitement, learning, and discovery. In *Literacy Beginnings*, Irene C. Fountas and Gay Su Pinnell bring their characteristically rich, comprehensive, and practical insights to the frontier of early literacy. They show you how to tap into young children's curiosity to introduce them to the world of literacy in joyful, engaging ways.

Jan Richardson's highly anticipated update to the classic bestseller *The Next Step in Guided Reading* helps you and your students move forward."
