Governance and Social Responsibility

Book Description Concepts of corporate social responsibility (CSR) are widely used by businesses, professional bodies and academics, but are also widely contested. CSR is usually described as comprising three elements: environmental, economic and social, though there is no serious consensus on how to go about translating ideas into practice.

Responsibility in India

A very important part of corporate social responsibility is ensuring that your organisation is following all the employment laws according to your state, and all employee needs are being met. Using an employee handbook software like AirMason to create an online employee manual can help you with that. Because employee handbooks auto-update employment laws according to the company's location (not possible through manual handbooks).
