This book takes a case-based approach to addressing the challenges psychiatrists and other clinicians face when working with American combat veterans after their return from a war zone. Written by experts, the book concentrates on a wide variety of concerns associated with posttraumatic stress disorder (PTSD), including different treatments of PTSD. The text also looks at PTSD comorbidities, such as depression and traumatic brain injury (TBI) and other

Conditions masquerading as PTSD. Finally, the authors touch on other subjects concerning returning veterans, including pain, disability, facing the end of a career, sleep problems, suicidal thoughts, violence, , and mefloquine "toxidrome". Each case study includes a case presentation, diagnosis and assessment, treatment and management, outcome and case resolution, and clinical pearls and pitfalls. Post-Traumatic Stress Disorder and Related Diseases in Combat Veterans is a valuable resource for civilian and military mental health practitioners, and

Me-2™ spends more time with his family than he does. And even though he's supposed to keep his life in The World and The Seems separate, he can't stop thinking about the girl he met during his Mission in Sleep. And the Missions aren't exactly getting easier. When a bomb explodes in the Department of Time, Becker is called in to take over for a more senior Fixer. But the bomb has created a path of destruction Becker could never have imagined. And if Becker can't Fix this Mission in Time, he might not have to worry about balancing life between The World and The Seems anymore.
