Most prospective hires come well prepared for the formulaic interview questions we have all come to expect. And not surprisingly their answers do not often distinguish them from any other applicant. So the employer is left with no choice but to take a hunch. But with High-Impact Interview Questions by your side, you will no longer have to do your best guess work on what answers are genuine, which are rehearsed, and which will end up not reflecting

the employee in the least. This invaluable resource shows you how to dig deeper using competency-based behavioral interviewing methods to uncover truly relevant and useful information. When the candidate is asked to describe specific, job-related situations, the interviewer will gain a clearer picture of past behaviors--and more accurately predict future performance. Complete with advice on evaluating answers and assessing cultural fit, the second edition of this user-friendly guide features dozens of all-new questions designed to gauge

managers spend much of their day putting out fires, and moving from problem to

problem. Their days consist of an overwhelming number of activities including respond to urgent request from their bosses, resolving customer issues and complaints, and dealing with disgruntled employees. In addition, they find themselves sitting in meetings that run way too long, and submitting countless sales forecasts to satisfy upper management. As a result, sales managers get caught up in a daily grind and end their work week exhausted and feeling like they have little control over their destiny. In The

Traditionally, human resources has focused on recruiting good people, preparing them for assignments, motivating them to perform, and retaining them. These functions remain essential, but to be successful in turbulent times like ours, human capital strategy needs to be broader and much more far-reaching. High-Impact Human Capital Strategy examines 12 critical forces that must be considered: globalization, changes in workforce

demographics, skill shortages and mismatches in labor markets, environmental matters, and more. It shows how to incorporate each into an effective overall plan, and how to translate that plan into action. You'll learn to design human capital programs that:

- Connect with business measures
- * Achieve positive ROI
- * Ensure critical talent is in place
- * Boost engagement
- * Address work/life balance and other social issues
- * Reduce the need to outsource
