The text of Hyperbole and a Half is good-it's conversational and personal, and it gets the reader engaged in the story. But the art is what sets this book apart from all others. With just a few simple lines, Brosh conveys exactly what her crudely drawn characters are feeling-panic, mischievousness, exasperation, even depression.

#1 New York Times Bestseller “Funny and smart as hell” (Bill Gates), Allie Brosh’s Hyperbole and a Half showcases her unique voice, leaping wit, and her ability to capture complex emotions with deceptively simple illustrations. FROM THE PUBLISHER: Every time Allie Brosh posts something new on her hugely popular blog Hyperbole and a Half the internet rejoices. This full-color, beautifully illustrated edition features more than fifty percent new content, with ten never-before-seen essays and one wholly revised and expanded piece as well as classics from the website like, “The God of Cake,” “Dogs Don’t Understand Basic Concepts Like Moving,” and her astonishing, “Adventures in Depression,” and “Depression Part Two,” which have been hailed as some of the most insightful meditations on the disease ever written. Brosh’s debut marks the launch of a major new American humorist who will surely make even the biggest scrooge or snob laugh. We dare you not to. FROM THE AUTHOR: This is a book I wrote. Because I wrote it, I had to figure out what to put on the back cover to explain what it is. I tried to write a long, third-person summary that would imply how great the book is and also sound vaguely authoritative—like maybe someone who isn’t me wrote it—but I soon discovered that I’m not sneaky enough to pull it off convincingly. So I decided to just make a list of things that are in the book: Pictures Words Stories about things that happened to me Stories about things that happened to other people because of me Eight billion dollars\* Stories about dogs The secret to eternal happiness\* \*These are lies. Perhaps I have underestimated my sneakiness!

Hilarious stories about life's mishaps from the creator of the immensely popular blog 'Hyperbole and a Half'. Fully illustrated with over 50% new material. Hyperbole and A Half is a blog written by a 20-something American girl called Allie Brosh. She tells fantastically funny, wise stories about the mishaps of her everyday life, with titles like 'Why Dogs Don't Understand Basic Concepts Like Moving' and 'The God of Cake'. She accompanies these with naive drawings using Paint on her PC. Brosh's website receives millions of visitors a month and hundreds of thousands of per day. Now her full-colour debut book chronicles the many "learning experiences" Brosh has endured as a result of her own character flaws. It includes stories about her rambunctious childhood; the highs and mostly lows of owning a mentally challenged dog; and a moving and darkly comic account of her struggles with depression. Poignant and uproarious - think Cyanide and Happiness but with story-lines, cake and dogs.

Funny Bones tells the story of how the amusing calaveras—skeletons performing various everyday or festive activities—came to be. They are the creation of Mexican artist José Guadalupe (Lupe) Posada (1852–1913). In a country that was not known for freedom of speech, he first drew political cartoons, much to the amusement of the local population but not the politicians. He continued to draw cartoons throughout much of his life, but he is best known today for his calavera drawings. They have become synonymous with Mexico’s Día de los Muertos (Day of the Dead) festival. Juxtaposing his own art with that of Lupe’s, author Duncan Tonatiuh brings to light the remarkable life and work of a man whose art is beloved by many but whose name has remained in obscurity. The book includes an author’s note, bibliography, glossary, and index.
