Management acknowledges this truth by dedicating an entire department and body of knowledge to the art and science of managing people as people. Human resources addresses the process of managing people within an organization at both a micro and a macro level.

Introduction to Human Resources |
Bizfluent

Introduction to Human Resource Management. Human resources are the most valuable and unique assets of an organization. The successful management of an organization's human resources is an exciting, dynamic and challenging task, especially at a time when the world has become a global village and economies are in a state of flux. The scarcity of talented resources and the growing expectations of the modern day worker have further increased the complexity of the human

Description. Now in its fifth edition, Wörnich's Human Resource Management in South Africa provides the complete introduction to Human Resource Management in the challenging business world of modern day South Africa. Dramatic changes in both the external and internal environment of organisations in South Africa since the beginning of the twenty-first century have resulted in employees increasingly expecting to be part of the decision-making process.
