Joseph Beuys was born in Krefeld, a small city in northwest Germany. He was an only child, to the merchant Josef Jakob Beuys and his wife Johanna Maria Margarete Hulsermann. The two were a devout Catholic couple of the northern Rhine-Westphalian middle-class. Just months after Beuys's birth, the family moved south to the industrial town of Kleve.

influential artists of the 20th century, with an eclectic oeuvre spanning media and time periods.

Joseph Beuys: The German Artist Who Lived With a Coyote  
Joseph Beuys was a leading German Conceptual and performance artist. Known for his highly original and controversial themes, his practice of “ social sculpture ” attempted to make art more democratic by collapsing the space between life and art. His work I Like America and America Likes Me (1974) remains a seminal piece of performance art.

Joseph Beuys | artnet

A major figure of the postwar German avant-garde, Joseph Beuys viewed art as a vehicle for social change. His performance art "actions" were shamanistic experiences incorporating ritualized movement and sound, as well as non-traditional and even repulsive materials such as fat, felt, honey, blood, and dead animals.

Joseph Beuys was born in Krefeld, north-west of Düsseldorf in 1921. He spent most of his early life in or near the town of Cleves, close to the Dutch border, where he went to State Grammar School in 1931. He showed an early interest in drawing and music, as well as history, mythology, nature and science.

early school years, he was considered to have a natural talent for drawing, and he visited the sculpting studio of Achilles Moortgat many times.

Joseph Beuys ' s work continues to influence and inspire practitioners and thinkers all over the world, in areas from organizational learning, direct democracy and new money forms to new art pedagogies and ecological art practices. Here, in dialogue with Volker Harlan - a close colleague, whose own work also revolves around understandings of substance and sacrament that are central to Beuys - the deeper motivations and insights underlying ' social sculpture ' , Beuys ' s expanded conception of art, are illuminated. His profound reflections, complemented with insightful essays by Volker Harlan, give a sense of the interconnectedness between all life forms, and the foundations of a path towards an ecologically sustainable future. This volume features over 40 b/w illustrations.

Joseph Beuys is one of the most important and controversial German artists of the late twentieth century, an artist whose persona and art is so tightly interwoven with Germany ' s fascist past—Beuys was, after all, a former soldier in the Third Reich—that he has been a problematic figure for postwar and post-reunification Germany. In illuminating the centrality of trauma and the sustained investigation of the notion of art as the two defining threads in Beuys's life and art, this book offers a critical biography that deepens our understanding of his many works and their contribution. Claudia Mesch analyzes the aspects of Beuys ' s works that have most offended audiences, especially the self-woven legend of redemption that many have felt was a dubious

# Bookmark File PDF Joseph Beuys

and inappropriate fantasy for a former Nazi soldier to engage. As she argues, however, Beuys' s self-mythology confronted post-traumatic life head on, foregrounding a struggle for psychic recovery. Following Beuys' s exhibitions in the 1970s, she traces how he both expanded the art world beyond the established regional centers and paved the way for future artists interested in activism-as-art. Exploring Beuys' s expansive conceptions of what art is and following him into the realms of science, politics, and spirituality, Mesch ultimately demonstrates the ways that his own myth-making acted as a positive force in the Germany' s postwar reckoning with its past.

Conceived as an imaginary conversation with the artist on the 100th anniversary of his birth, this book pays homage to the revolutionary potential of Beuys' art and thought Is art the only truly revolutionary force? Is the future a category of art? Are these even the questions we need to be asking? One hundred years after the birth of Joseph Beuys, the German state of North Rhine-Westphalia is rearticulating questions fundamental to his art and thought. This publication provides an overview of the extensive program of Beuys 2021: 100 Years of Joseph Beuys--including exhibitions, lectures and performances--and examines what it is that makes this artist so controversial and still so very topical. It explores his complex oeuvre, pays homage to his international impact and rediscovers the revolutionary potential of his thought. A wide range of contributors from many different spheres, generations and cultures enter into a richly associative dialogue with his aphorisms. Together they explore the genesis and viability of Beuys' vision of a future based on the principles of art.

the Artist, A deeply interesting collection of material by and about this most important of contemporary artists., Of immense interest to all admirers of Beuys and anyone interested in modern art.

The Phaidon Focus series presents engaging, up-to-date introductions to art's modern masters. Compact, affordable, and beautifully produced, the books in this growing series are written by top experts in their field. Each features a complete chronological survey of an artist's life and career, interspersed throughout with one-page "Focus" essays examining specific bodies of work. Joseph Beuys ranks amongst the most radical and influential artists to emerge during the second half of the twentieth century. An enigmatic figure who was never one to shun controversy, Beuys strove to establish a truly democratic approach towards making and presenting art. Here, Allan Antliff, the Canada Research Chair in Modern Art at the University of Victoria and a founding member of the Toronto Anarchist Free School, explores the origins, development, style, and themes of Beuys' provocative and prophetic work.

What happens when nothing happens?

The early drawings and watercolors of Joseph Beuys are counted among the treasures of international public and private collections. They are works of the highest artistic sensitivity, their filigree aesthetics as impressive as their conceptual and emotional depth. For Beuys, working on paper had an existential character. Drawing and painting with watercolors was a form of exploring a spiritual world of

# Bookmark File PDF Joseph Beuys

images which provided him with the fundamental relationships and terms for his later work as a politically active artist. To illustrate the entire wealth of Beuys' language of images, we have decided to combine two separately published volumes of watercolors (1989) and drawings (1992). Together they will provide a handy guide to Beuys' complex uvre for all future Beuys exhibitions.

Explore the poster art of Joseph Beuys and discover some of the philosophies that made him one of the most influential artists of the postwar period. One of the most important German postwar artists, Joseph Beuys is known for his sculpture, performance art, activism, and teaching, influencing a generation of younger artists and expanding the concept of what art is. He had an ambitious goal for his art: to transform western culture into a more peaceful, democratic, and creative place. He also considered everyone to be an artist and that art and life should not be viewed separately. This book pulls together all of the avant-garde artist's posters from his entire oeuvre. His earliest posters often announced exhibitions of his own performance art, while later posters expressed his philosophical and political opinions, such as those for Germany's Green Party, which he was a founder of. This book includes full page illustrations of Beuys' most important posters, essays about Beuys' influence, an extensive biography of the artist and a complete catalogue of all posters created under his guidance. No other medium expresses Beuys heartfelt beliefs better than his posters, which employ a style of graphic design all his own.
