Una nuova analisi esegetica suggerita da una originale ipotesi di decodifica del mito solare egizio. L'ipotesi mitica per□ non preclude la ricerca di una possibile figura del Ges□ storico. Numerose corrispondenze rilevate tra Mitraismo-Massoneria e Cristianesimo e una esplicita indicazione di Raimondo de Sangro in una lettera cifrata prospettano un preciso profilo del fondatore di una setta ermetica iniziatica.

"Examination of predominantly primary sources focuses on discourses of women and women's issues in light of the prevailing view of the relationship between the physical and the moral in feminine bodies and minds. Burton discusses France's first national system of midwifery education, women's medicine and surgery, and medical law"--Provided by publisher.

Two days after Jill Hunting turned fifteen, she lost her only brother, a volunteer with International Voluntary Services and one of the first civilian casualties of the Vietnam War. News broadcasts and headlines announced to the world that Pete had been led into an ambush by friends. When Jill's mother told her that Pete's letters home had all been destroyed in a basement flood, the connection between Jill and her brother was lost forever—or so she thought. Decades later, 175 letters surfaced. Through them, and the sweethearts and many friends who had never forgotten Pete, Jill came to know him again. Finding Pete is one of the great, untold true stories of an escalating war and a young man caught in its sights. This personalized account of a critical moment in U.S. history is the moving story of an altruistic youth who personifies what America lost in Vietnam. It is also a portrait of a family's struggle with loss, a mother's damaging grief, and, most of all, a sister's quest to solve a mystery and recover the connection with her brother. Includes a reader's guide.

Essays examine Shakespeare's sonnets, offering speculation as to the identities of the young man and the dark lady mentioned in the sonnets, commentary on the works' strength and content, and a literary analysis of Shakespeare's major sonnets

In "Danger: Memory!" Two contrasting but thematically related one-act plays, I Can't Remember Anything and Clara, are concerned with remembrance. The first play portrays the shared and disputed recollections of two elderly friends, and Clara dramatizes the resistance to brutal present-day fact when a young woman's father speaks with a detective investigating her murder. Like all of Miller's plays, Danger: Memory! holds the powerful emotional charge and social perceptions associated with his work while reaching for one of the fundamental issues of mankind, the selective amnesia of the past.
