Professional psychic Abigail Cooper is about to discover that some cold cases are better off dead... As the FBI's newest Civilian Profiler, Abby Cooper is using her powers of intuition to help solve a backlog of the bureau's cold cases. But when she's the only one who's convinced that several separate cold cases are related, she'll have to call on every intuitive bone in her body before she's the one put on ice...

Abby Cooper's next mission may truly be impossible... Abby Cooper, the FBI's newest Civilian Profiler, is adding Spy to her resume. The military's digital photography software that captures one's aura- just like Abby can-sits in a drone aircraft that's been stolen. It's a major breach in security as every country's leader can be identified by their aura... Abby springs into action to stop the criminals before they set their diabolical plan into motion, while making herself a prime target.

While in Las Vegas, psychic Abby Cooper has disturbing visions of her FBI agent boyfriend's death during their search for his cousin Chase, who was kidnapped after a bloody shootout in an alleyway.

Professional psychic Abigail Cooper is used to dealing with skeptics, but even she's ready to cry "uncle!" when she's forced to work with a true non-believer bent on proving her a fraud. Business has been frustratingly slow for Abby who needs any new commission she can get, even if it means agreeing to a job with the FBI that puts her at the center of an internal political struggle between two powerful agents, one of whom is the flinty lead investigator and confirmed skeptic Brice Harrison. Abby's skills are continually tested – along with her patience – as she works to convince Harrison that she's not only the real deal, but can help him locate three college teens who've mysteriously disappeared. Abby's intuition tells her these are no random abductions—and foresees another victim being kidnapped. To get to the bottom of the case, she and Harrison will have to put their differences aside and work together to find the connection between the missing kids. And to do that, Abby will have to win Harrison over, while keeping her psychic eye wide open.

When a childhood friend asks her to come to Denver, Colorado, and fill in for a missing bridesmaid, professional psychic Abby Cooper, in desperate need of a change of scenery, finds herself immersed in a matrimonial mystery when the wedding party starts rapidly disappearing. Original.

Abby Cooper is a P.I., psychic intuitive. But her insight failed her when she didn't foresee the death of one of her clients-or that the lead investigator for the case is the gorgeous blind date she just met. Now, with the police suspicious of her abilities and a killer on the loose, Abby's future looks more uncertain than ever.
