Offering students an overview of all the main concepts of accounting, this text supplements explanations of the fundamental core elements with contemporary examples and online teaching resources.

Introduction to Managerial Accounting, 4/e by Brewer/Garrison/Noreen is based on the market-leading text, Managerial Accounting, by Garrison, Noreen and Brewer. However, this is not simply a briefer book with chapters removed; B/G/N has been rethought and retooled to meet the needs of the market. B/G/N 4/e is a more accessible, yet thoroughly student-friendly text that satisfies the basic needs of the managerial accounting student without unnecessary depth on advanced topics associated with the follow-up course: cost accounting/cost management. Faculty and students alike will find this new edition has retained the hallmark features of the Garrison brand: author-written supplements, excellent readability, terrific examples, and balanced end-of-chapter material.

Praise for Management Accounting Best Practices "It doesn't matter where you start reading, even the most experienced accountant will find some useful ideas." –Alan H. Boycott, Chartered Accountant, Düsseldorf, Germany "This is one of the best books about new accounting practices in practical

accounting. I highly recommend this book for accountants of all levels." –Andrei Ralko, Controller, International Center for Transitional Justice, New York, NY The only practices worth following are the best practices... Destined to become an essential desktop tool in helping professionals make management decisions in accounting, Management Accounting Best Practices introduces over 100 best practices from accounting expert Steven Bragg for questions such as: How does the system of interlocking budgets work? What does a sample budget look like? What best practices can I apply to the budgeting process? How can I integrate the budget into the corporate control system? How do throughput concepts impact the budget? Now, when members of your management team come calling with questions, you'll have the answers at your fingertips, in Management Accounting Best Practices. It's the easy-to-use, daily reference manual for every accountant in a management position.

Discover how practical international finance can be with the unique blend of international finance theory and current applications found in INTERNATIONAL FINANCIAL MANAGEMENT, ABRIDGED EDITION, 9E. Using familiar companies such as Nike, author Jeff Madura clearly explains international finance in understandable terms with the support of hands-on applications. The book focuses on management decisions that maximize a firm's value. Readers examine some of the latest developments in international finance with the text's timely examples and extensive links to related Internet content. New Excel exercises and a variety of multinational corporation projects help readers refine their international finance skills. This Abridged Edition provides flexibility and an economical text choice by offering all chapters from the Full Edition but makes several of the chapters that are less frequently used available online at <http://academic.cengage.com/finance/madura>. Readers develop the international finance management skills needed to succeed in today's ever-changing market with the balance of solid theory and practical applications found in Madura's INTERNATIONAL FINANCIAL MANAGEMENT, ABRIDGED EDITION, 9E. This book examines the relationship between digital innovations on the one hand, and accounting and management information systems on the other. In particular it addresses topics including cloud computing, data mining, XBRL, and digital platforms. It presents an analysis of how new technologies can reshape accounting and management information systems, enhancing their information potentialities and their ability to support decision-making processes, as well as several studies that reveal how managerial information needs can affect and reshape the adoption of digital technologies. Focusing on the four major aspects data management, information system architecture, external and internal reporting, the book offers a valuable resource for CIOs, CFOs and more generally for business managers, as well as for researchers and scholars. It is mainly based on a selection of the best papers - original double blind reviewed contributions - presented at the 2015 Annual Conference of the Italian Chapter of the Association for Information Systems (AIS).
