Edition This 4th edition presents both the common procedures residents must master as well as the more challenging procedures required of fellows and practitioners. With 11 new chapters, this edition offers the most extensive coverage of minimally invasive procedures in all areas of surgery. In addition to clear, concise instruction valuable comments from the authors are also included at the end of each chapter.

Mastery of Endoscopic and Laparoscopic Surgery

A classic surgical text that should be owned and referenced by all surgeons and senior surgical residents. Represents the single most comprehensive review of the spectrum of general surgery. I will say that this edition does have several typographical errors which make this version read a little amateurish. The content however is excellent.
