contributions by thought
leaders from a variety of
disciplines and different
perspectives, which are

last inspection in 2009, rated as satisfactory (now called 'requires improvement'). Some 28 per cent of Army recruits were less than 18 years of age. Further information is needed on why the Army is so

personnel with higher levels of attainment would better meet the future needs of the Armed Forces. Whilst the Committee recognises that some recruits may not be eager to take further academic exams, the MoD
