In 'guidance for doctors' we set out the professional values, knowledge, skills and behaviours expected of all doctors working in the UK. In the 'ethical hub' there's resources covering the ethical issues doctors often ask us about. Our learning materials section has all our case studies, decision tools, flowcharts and videos.

Ethical guidance - GMC

Medical Council's Ethics Guide now less ethical. By Dr Angelo Bottone. 10th September 2019. The Irish Medical Council has produced an updated version of the Guide to Professional Conduct and Ethics for Registered Medical Practitioners. The most relevant changes follow the Ireland's new abortion law.

Medical Council's Ethics Guide now less ethical | The Iona ...

Shared decision making and consent are fundamental to good medical practice. This guidance explains that the exchange of information between doctor and patient is essential to good decision making. Serious harm can result if patients are not listened to, or if they are not given the information they need - and time and support to understand it - so they can make informed decisions about their care.
