This proven market leader is now even better. MICROECONOMIC THEORY: BASIC PRINCIPLES AND EXTENSIONS delivers the most cutting-edge treatment of microeconomics in its new 11th edition. The text offers an ideal level of mathematical rigor for upper level undergraduate students and beginning graduate students. Students work directly with theoretical tools, real-world applications, and cutting edge developments in the study of microeconomics. It provides clear and accurate coverage of advanced microeconomic concepts and illustrates how the theory applies to practical situations. In addition, the text's aggressive effort helps build student intuition by including a new two-tier end-of-chapter problem that begins with simple numerical/mathematical exercises followed by more analytical, theoretical, and complex problems. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Incorporates real-world business cases and examples. The 11th edition is thoroughly updated.

The Eleventh Edition of INTERMEDIATE MICROECONOMICS AND ITS APPLICATION, by Walter Nicholson of Amherst College and Christopher Snyder of Dartmouth College, provides an exceptionally clear and concise introduction to the economics of markets, with a managerial focus and using an algebraic approach. The authors have provided a complete range of highly relevant applications and appealing, current examples, filling this edition with strong examples and activities that engage students' interest and encourage them to learn by doing. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

From Google's chief economist, Varian's best-selling intermediate microeconomics texts are revered as some of the best in the field. And now students can work problems online with Smartwork5, Norton's online homework system, packaged at no additional charge with the Media Update Editions. In addition to online homework, the texts now include four-color graphs and new interactive animations.
