Enterprise 3700 POS Reports Manual

Micros systems Restaurant Enterprise 3700 POS Manuals ...

The 3700 system uses client/server architecture to manage the unique information about each restaurant's POS environment. Details about the restaurant's operation reside in tables on a database server, an application that manages the database. The database server in turn resides on the server PC.

Restaurant Enterprise Series

The 3700 Reports Manual is your guide to MICROS 3700 reports. This manual explains how to run reports and provides an example of each report, along with programming considerations and tips about how the report might be used.
