The National Eligibility cum Entrance Test (NEET) is conducted every year to grant admission to aspirants into MBBS / BDS courses across the country. From 2020 onwards, NEET is conducted by the National Testing Agency (NTA). Earlier, it was known as All India Pre-Medical Test (AIPMT) and was conducted by the Central Board of Secondary Education (CBSE). The Medical Council of India (MCI) has recommended the syllabus for NEET after review of various State syllabi as well as those prepared by CBSE, NCERT and COBSE. This was done to establish uniformity across the country keeping in view the relevance of different areas in Medical Education. NEET is held every year in the month of May. In the final test paper, there are total 180 questions with 45 questions from Physics, 45 questions from Chemistry and 90 questions from Biology (45 questions from Botany + 45 questions from Zoology).
