substance that helps to stop the bleeding.

This injection is given using an endoscope (a narrow, flexible tube with a camera at its tip).

Quality statement 8: N

butyl²cyanoacrylate for gastric ...

Cyanoacrylates are a family of strong fast-

Download File

PDF N Butyl

acting adhesives with industrial, medical, and household uses.

They are derived from ethyl cyanoacrylate and related esters.

The cyanoacrylate group in the monomer rapidly polymerize in the presence of water to form long, strong chains. They have some minor toxicity.

Specific
