New Weapons Coming
security? The book explores the rise of these exclusive 'inter-democratic' security institutions after the collapse of the Soviet Union, and the ensuing effects on relations with Russia. Two competing theories are tested to explore whether these institutions aggravate or mitigate the security dilemma with Russia. These

Read Online Nuclear Posture Review Draft Leaks

institutions can be theorised to promote security as a positive-sum game through European integration and democracy promotion, or pursue collective hegemony with ideologically uncompromising bloc-politics. Glenn Diesen argues that a European security architecture that demotes the largest state on the continent

Read Online Nuclear Posture Review Draft Leaks

to an object of security inevitably results in 'European integration' becoming a zero-sum geopolitical project that has set the West on a collision course with Russia.

This collection examines the extent to which nuclear weapons modernization has become a significant point of concern and

Read Online Nuclear Posture Review Draft Leaks

consideration in international security.

Recent statements and substantial investments by nuclear weapon possessor states in the upkeep and modernization of their nuclear postures – particularly the United States, Russia and China – illustrate a return of primacy and the salience of nuclear forces in international

Read Online Nuclear Posture Review Draft Leaks

politics. The upgrading of systems, the introduction of new capabilities, the intermingling of new technologies, and the advancement of new strategic models, are all indicative of their elevation in importance and reliance. With contributions from leading thinkers in the nuclear weapons domain, this book

Read Online Nuclear Posture Review Draft Leaks

elucidates the global strategic and policy implications such modernization efforts by the above-mentioned states will have on international security. In unpacking and conceptualizing this developing source of potential (in)security and tension, the collection not only provides a technical context, but also frames the likely effects

Read Online Nuclear Posture Review Draft Leaks

modernization could have on the relations between these nuclear weapon powers and the larger impact upon efforts to curb nuclear weapons – both in terms of horizontal and vertical proliferation. The chapters have been arranged so as to inform a variety of stakeholders, from academics to policy-makers, by

Read Online Nuclear Posture Review Draft Leaks

connecting analytical and normative insights, and thereby, advancing debates pertaining to where nuclear modernization sits as a point of global security consternation in the 21st century.

a passionate essay arguing that the kind of journalism he celebrates here is being subverted by the very forces that ought to be its enemy. Taken as a whole, the book tells an extraordinary 'secret history' of the modern era. It is also a call to arms to journalists everywhere - before it is too late.

Read Online Nuclear Posture Review Draft Leaks New Weapons Coming

While policy makers and scholars have long devoted considerable attention to strategies like deterrence, which threaten others with unacceptable consequences, such threat-based strategies are not always the best option. In some cases, a state may be better off seeking to give others a

Read Online Nuclear Posture Review Draft Leaks

greater sense of security, rather than by holding their security at risk. The most prominent use of these security assurances has been in conjunction with efforts to prevent the spread of nuclear weapons. Ongoing concerns about the nuclear activities of countries like Iran and North Korea, and the possible reactions of other

Read Online Nuclear Posture Review Draft Leaks

states in their regions, have catapulted this topic into high profile. This book represents the first study to explore the overall utility of assurance strategies, to evaluate their effectiveness as a tool for preventing nuclear proliferation, and to identify conditions under which they are more or less likely to be effective.

Read Online Nuclear Posture Review Draft Leaks New Weapons Coming

Despite the ongoing drawdown of strategic forces under the terms of START, both the United States and Russia maintain large arsenals of nuclear weapons poised for immediate launch.

Under the most optimistic current scenarios, these arsenals will remain very

Read Online Nuclear Posture Review Draft Leaks

large and launch-ready for more than a decade. This book, by a distinguished group of coauthors, critically evaluates the current policy of retaining and operating large nuclear arsenals. It reviews U.S. nuclear doctrine and strategy, and the role of nuclear weapons in deterring aggression by former Cold War adversaries and other

Read Online Nuclear Posture Review Draft Leaks New Weapons Coming

countries with weapons of mass destruction. The risks of inadvertent as well as deliberate nuclear attack are assessed. The authors argue that small arsenals (low hundreds) on low alert satisfy all justifiable requirements for nuclear weapons. They present a blueprint for making deep cuts in U.S. and Russian

Read Online Nuclear Posture Review Draft Leaks

deployments, and for lowering their alert level. They explain the implications of shifting to small arsenals for further constraining anti-ballistic missile defenses, strengthening verification, and capping or reducing the nuclear arsenals of China, France, and Britain as well as the threshold nuclear states. The political
