*5 Hospitalized  
Child Nursing Care  
Plans - Nurseslabs*

A care plan is a way to share information about your child with others. The plan is written information about how to best care for your child's health

File Type PDF

Nursing Care

Plan The Child  
With Sickle Cell  
Anemia  
needs. You and  
your child's doctor  
can develop the  
care plan together.

A care plan may  
include:

*Care Plans for  
Children with  
Special Needs:*

*What is a Care ...*

Plan your nursing  
care with their age  
and developmental

level in mind and  
you can create a  
safe environment  
for any child you  
take care of. Why  
does weight  
matter? The child's  
weight is what all  
medication doses  
and fluid  
calculations are  
based on. Without  
an accurate weight  
the child is at risk
