This is the paradox of emotions one feels when reading On the Heights of Despair, the paradigmatic cry of the tortured artist whose explosive intensity of passion is equaled only by the profundity of his despair. In this hauntingly lyrical meditation on darkness, stemming from a sustained insomniac hyper-lucidity, E. M. Cioran cries out a devastating nihilism that is in the end betrayed by his own intransigent lust for being.

On the Heights of Despair is a 1934 non-fiction book by philosopher Emil Cioran, that was translated from Romanian into English in 1996 by Ilinca Zarifopol-Johnston, who also wrote the book's English-language introduction. The first work that Cioran published, it is a series of short essays, dealing with themes that would later permeate his work, such as death, insomnia and insanity. On The Heights of Despair received the King Carol II Royal Foundation's Young Writer's Prize. This was the only a

Emil Cioran's On the Heights of Despair is the writings--and ravings--of a desperate insomniac. Published in his native Romania when the author was only 23, it consists of brief essays, no more than six pages in length and sometimes only a paragraph. The overall theme is one of abject nihilism, but there are numerous inconsistencies.

On the Heights of Despair shows Cioran's first grappling with themes he would return to in his mature works: despair and decay, absurdity and alienation, futility and the irrationality of existence.

"Born of a terrible insomnia which E. M. Cioran called "a dizzying lucidity which would turn even paradise into hell," this book presents the youthful Cioran, a self-described "Nietzsche still complete with his Zarathustra, his poses, his mystical clown's tricks, a whole circus of the heights." On the Heights of Despair shows Cioran's first grappling with themes he would return to in his mature works: despair and decay, absurdity and alienation, futility and the irrationality of existence. It also presents Cioran as a connoisseur of apocalypse, a theoretician of despair, for whom writing and philosophy both share the "lyrical virtues" that alone lead to metaphysical revelations. An exorcism of despair, this book offers insights into the ironic anguish of Cioran's philosophic mind while providing fascinating information on his early development as a writer and thinker."

It presents us with the youthful Cioran, who described himself as "a Nietzsche still complete with his Zarathustra, his poses, his mystical clown's tricks, a whole circus of the heights." It also presents Cioran as a connoisseur of apocalypse, a theoretician of despair. For Cioran, writing and philosophy are closely related to physical suffering: both share the "lyrical virtues" that alone lead to metaphysical revelation. The result is a book that becomes a substitute for as well as an antidote to suicide. By enacting the struggle of the Romantic soul against God, the universe, and itself, Cioran releases a saving burst of lyrical energy that carries him safely out of his desperation. On the Heights of Despair shows the philosopher's first grappling with themes he would return to in his mature works: despair and decay, absurdity and alienation, futility and the irrationality of existence.

In this volume, which reaffirms the uncompromising brilliance of his mind, Cioran strips the human condition down to its most basic components, birth and death, suggesting that disaster lies not in the prospect of death but in the fact of birth, "that laughable accident." In the lucid, aphoristic style that characterizes his work, Cioran writes of time and death, God and religion,

suicide and suffering, and the temptation to silence. Through sharp observation and patient contemplation, Cioran cuts to the heart of the human experience. "A love of Cioran creates an urge to press his writing into someone's hand, and is followed by an equal urge to pull it away as poison." —The New Yorker "In the company of Nietzsche and Kierkegaard."—Publishers Weekly "No modern writer twists the knife with Cioran's dexterity. . . . His writing . . . is informed with the bitterness of genuine compassion."—Boston Phoenix

"(Cioran's) statements have the compression of poetry and the audacity of cosmic clowning".--WASHINGTON POST. In TEARS AND SAINTS, Cioran touches on nearly all the themes that would preoccupy the writer over the course of his career. Self-consciously perverse, this collection will fascinate anyone interested in saints, mysticism, philosophy, the history of Christianity, or the ultimate strangeness of the sacred.

"Only a monster can allow himself the luxury of seeing things as they are," writes E. M. Cioran, the Romanian-born philosopher who has rightly been compared to Samuel Beckett. In *History and Utopia*, Cioran the monster writes of politics in its broadest sense, of history, and of the utopian dream. His views are, to say the least, provocative. In one essay he casts a scathing look at democracy, that "festival of mediocrity"; in another he turns his uncompromising gaze on Russia, its history, its evolution, and what he calls "the virtues of liberty." In the dark shadow of Stalin and Hitler, he writes of tyrants and tyranny with rare lucidity and convincing logic. In "Odyssey of Rancor," he examines the deep-rooted dream in all of us to "hate our neighbors," to take immediate and irremediable revenge. And, in the final essay, he analyzes the notion of the "golden age," the biblical Eden, the utopia of so many poets and thinkers.

Now in paperback, an "antidote to a world gone mad for bedside affirmation" (Washington Post). E. M. Cioran has been called the last worthy disciple of Nietzsche and "a sort of final philosopher of the Western world" who "combines the compassion of poetry and the audacity of cosmic clowning" (Washington Post). *All Gall Is Divided* is the second book Cioran published in French after moving from his native Romania and establishing himself in Paris. It revealed him as an aphorist in a long tradition descending from the ancient Greeks through La Rochefoucault but with a gift for lacerating, subversively off-kilter insights, a twentieth-century nose for the absurdities of the human condition, and what Baudelaire called "spleen." The aphorisms collected here address themes from the atrophy of utterance and the condition of the West to the abyss, solitude, time, religion, music, the vitality of love, music, history, and the void. The award-winning poet and translator Richard Howard has characterized them as "manic humor, howls of pain, and a vestige of tears," but, as he notes too, in these expressions of the philosopher's existential estrangement, there glows "a certain sweetness for all of what Cioran calls 'amertume.'"

**A SECOND VISIT TO THAIBURLEY: THE CITY OF DREAMS, THE FABLED CITY OF A HUNDRED ROWS.** Dark forces are gathering in the shadowy depths, and the whole city is under threat. The former street-nick, Tom, embarks on a journey to discover the source of the great river Thair, said to be the ultimate power behind all of Thaiburley. Accompanying him are the assassin Dewar and the young Thaistess Mildra. It soon becomes evident that their journey has more significance than any of them realise, as past secrets catch up with them and unknown adversaries hunt them... to the death! File Under: Fantasy [ Towering City | Ancient Secrets | Assassins & Gods | Soul Thief! ]

Dubbed "Nietzsche without his hammer" by literary critic James Wood, the Romanian philosopher E. M. Cioran is known as much for his profound pessimism and fatalistic approach as for the lyrical, raging prose with which he communicates them. Unlike many of his other works, such as *On the Heights of Despair* and *Tears and Saints*, *The New Gods* eschews his usual aphoristic approach in favor of more extensive and analytic essays. Returning to many of Cioran's favorite themes, *The New Gods* explores humanity's attachment to gods, death, fear, and infirmity, in essays that vary widely in form and approach. In "Paleontology" Cioran describes a visit to a museum, finding the relatively pedestrian destination rife with decay, death, and human weakness. In another chapter, Cioran explores suicide in shorter, impressionistic bursts, while "The Demiurge" is a shambolic exploration of man's relationship with good, evil, and God. All the while, *The New Gods* reaffirms Cioran's belief in "lucid despair," and his own signature mixture of pessimism and skepticism in language that never fails to be a pleasure. Perhaps his prose itself is an argument against Cioran's near-nihilism: there is beauty in his books.

"Instead of accumulating wisdom, he has shed certainties. Instead of reaching out to touch someone, he has fastidiously cultivated his exemplary solitude. If he is an aphorist, he's one who resembles Nietzsche, not Kahlil Gibran." —Edmund White, *The New York Times*
