Designed for students in Nebo School District, this text covers the Utah State Core Curriculum for chemistry with few additional topics.

EVERY art and every inquiry, and similarly every action and pursuit, is thought to aim at some good; and for

Access Free Plato Chemistry Unit Activity

Answers this reason the good has rightly been declared to be that at which all things aim. But a certain difference is found among ends; some are activities, others are products apart from the activities that produce them. Where there are ends apart from the actions, it is the nature of the products to be

Access Free Plato Chemistry Unit Activity

Answers better than the activities. Now, as there are many actions, arts, and sciences, their ends also are many; the end of the medical art is health, that of shipbuilding a vessel, that of strategy victory, that of economics wealth. But where such arts fall under a single capacity- as bridle-making

Access Free Plato Chemistry Unit Activity

Answers
and the other arts concerned with the equipment of horses fall under the art of riding, and this and every military action under strategy, in the same way other arts fall under yet others- in all of these the ends of the master arts are to be preferred to all the subordinate ends; for it is for the sake

Access Free Plato Chemistry Unit Activity

Answers of the former that the latter are pursued. It makes no difference whether the activities themselves are the ends of the actions, or something else apart from the activities, as in the case of the sciences just mentioned.
