Don't solve your problems, dissolve them! In the journey of life, when we are engulfed by problems, we tend to lose sight of the purpose of our journey. Life then appears like a medley

Online Library Problem Solving Companion To

of problems. What if you came to know that problems occur to enrich you with diamonds! You can then become richer and wiser with every problem. You may wonder how this could be so and what these diamonds are.

Online Library Problem Solving Companion To

This book unravels the role of problems in life. It shows how to find the diamonds hidden in every problem. Just as Arjuna received wisdom from Lord Krishna, leading to the eighteen chapters of the

Online Library Problem Solving Companion To

Bhagavad Gita, this book is like a little Gita that presents eighteen approaches to solve any problem. It also presents the ultimate way to dissolve problems. Whenever you're faced with a problem, you can go through

Online Library Problem Solving Companion To

these approaches, find the one that is relevant to your context, and reflect on it to take necessary action.

When you attain freedom from problems, they no longer remain problems; instead they serve as springboards

Online Library Problem Solving Companion To

to raise you higher in life.
You then can be happy amidst
all situations of life.
