Apprentice mage Chance Fortunato has faced off with a lot of nasty things. Power hungry vampires, abusive alpha werewolves, and deranged cultists. But none of his training under his mentor Dr. Corwin has prepared him for the trial he is about to face: Junior Prom. While investigating an occult group, Chance discovers something truly sinister: an event known as the Rending will fall on the night of prom, and every circle of demon-worshippers in New Essex is looking for one girl: The Half-Caste Chylde. Some want to capture her, others want to kill her, for her blood is the key to controlling Mammon's Horde and collecting on the true purpose of the Rending: to break a demonic contract without giving up what was bargained for or losing one's soul. As if things weren't bad enough, Chance learns that if the Horde is not controlled by the blood of the Half-Caste Chylde, it will break free to fulfill a plan of its own, to slaughter one hundred innocents as a sacrifice to release Mammon, the original ruler of Hell. Caught between two terrible choices, Chance's job is made all the more difficult as the past begins to catch up to his mentor and himself. Old debts come due, forgotten wounds are reopened, and alliances shift in unexpected directions as Chance fights to save both his classmates and the Half-Caste Chylde, whoever she is. With the truth closer than he realizes, can Chance do the impossible, save the day and survive taking up the mantle of Prom Knight?

At fifteen, Chance Fortunato has seen more evil than most people ever will. Indentured by his father to the demon count Dulka, he's been taught dark magick and forced to do his Infernal master's dirty work for eight years. But now Chance has figured out a way to defeat his master and free himself. His new life with his mother and sister is far from easy, and freedom has its own perils. Normal life is hard enough, but even in a mundane looking high school, there are paranormal threats from both sides of the mystical fence. When his new mentor is murdered, Chance knows he is the only one who can track the killer down. To bring his mentor's killer to justice, Chance will have to fight evil on its own terms, and discover if that makes him a hero...or a monster.

Being a normal teenager is hard. For Chance Fortunato, former demon's apprentice and reforming warlock, it's almost impossible. On the outs with Shade, his alpha werewolf girlfriend, behind on his magickal studies and still hunted by the Conclave, Chance thinks his life can't get any worse. But when an empath named Dani asks him to find her missing girlfriend, Chance's life suddenly spirals out of his control. Caught by the Conclave, he finds himself facing a Trial by Ordeal. To save himself and his new mentor Dr. Corwyn, Chance must find

the stolen Maxilla Asini, a powerful sword that can change the balance of power between the magi and the forces of the Nine Hells. As he searches for the Maxilla and continues his search for the missing girl, he discovers a sinister link between Dani's abducted girlfriend, the disappearances of other teens in New Essex, and the politics of the local vampire coven. Caught between multiple forces, Chance soon discovers that his only hope may be the missing Maxilla. With the forces of both good and evil aligned against him, will a bad attitude, the help of his friends and a little faith be enough to help Chance beat the biggest challenge of his life?

The Franklin Academy is the most prestigious magick school in the US, with the highest admission standards, and tuition to match. Any student would be honored to go at all, much less get a scholarship. Not Chance Fortunato. He'd much rather stay at home and study under his mentor, Dr. Corwin. But when a student is attacked and his soul is ripped from his body, Chance knows he has to stay. Not only must he prove his innocence, but he is the only person in the state who has experience fighting the ancient blood magick that is being twisted to a new and terrible purpose. The stakes have never been higher, and Chance has never faced odds like these before. Stripped of his usual network of friends and allies, can he stop the attacks before they strike too close to home? Or will he be the next victim of a dark and terrible sorcery?

The ultimate strategy for succeeding in your personal and professional life. Are you living up to your true potential? Do you feel like you have more potential? You may be the best in your field—the best athlete, scholar, CEO, parent, mathematician, teacher, or mechanic. But that doesn't mean you can't still be better; you haven't maximized your potential. Leadership expert and international bestselling author of *The Fred Factor* and *You Don't Need a Title to Be a Leader*, Mark Sanborn invites you to get better and close the gap between how good you are and how good you can be. Teaching you to employ Sanborn's uniquely designed "Potential Matrix" to specific areas of your life, *The Potential Principle* provides you with the tools you need to see breakthrough improvement in key areas of your life. One of the most exciting opportunities is right in front of you every day: pursuing your true potential. You're on your way. You can make your best second-best. You can be better.

What if you could live again and again, until you got it right? On a cold and snowy night in 1910, Ursula Todd is born to an English banker and his wife. She dies before she can draw her first breath. On that same cold and snowy night, Ursula Todd is born, lets out a lusty wail, and embarks upon a life that will be, to say the least, unusual. For as she grows, she also dies, repeatedly, in a variety of ways, while the young century marches on towards its second cataclysmic world war. Does Ursula's apparently infinite number of lives give her the power to save the world from its inevitable destiny? And if she can -- will she? Darkly comic, startlingly poignant, and utterly original -- this is Kate Atkinson at her absolute best.

Apprentice mage Chance Fortunato just can't catch a break. His training has gotten even harder, and his mentor Dr. Corwin is pushing him to take his mage trials early. Still, it beats his old gig working for a demon. But life takes a turn for the worse when a member of his girlfriend Shade's werewolf pack is killed by a member of a rogue pack. Adding insult to grief, the pack is forced to let the Conclave send an observer to monitor their investigation. When the Conclave allows Jacob Kain, an Alpha from the Boston clans to act in their stead, though, things become even more complicated, as Kain has an agenda of his own. As Chance and Shade fight to keep Kain from taking over, a new enemy arrives with a very personal connection to Chance.

Even if he can survive this deadly combination of forces, can he survive the plans of another, hidden enemy from his past? The only thing that is certain that before it's all over, everyone's true colors will show.

Do you know what "quatrefoil" and "impolitic" mean? What about "halcyon" or "narcolepsy"? This book is a handy, easy-to-read reference guide to the proper parlance for any situation. In this book you will find: Words You Absolutely Should Know (covert, exonerate, perimeter); Words You Should Know But Probably Don't (dour, incendiary, scintilla); Words Most People Don't Know (schlimazel, thaumaturgy, epergne); Words You Should Know to Sound Overeducated (ad infinitum, nugatory, garrulity); Words You Probably Shouldn't Know (priapic, damnatory, labia majora); and more. Whether writing an essay, studying for a test, or trying to impress friends, family, and fellow cocktail party guests with their prolixity, you will achieve magniloquence, ebullience, and flights of rhetorical brilliance.

Cally was like any other teenage girl; she was smart, funny, caring, and beautiful. She loved going shopping with her mother, Kate, as well as beating her dad, Bill, at a game of basketball. Sure, she had her fair share of problems, like peer pressure and the occasional arguments with her parents--which usually led to being grounded. However, none of this could ever prepare her for the ultimate problem, an abusive boyfriend. Cally had been with her boyfriend, Ryan, for exactly one year. Nine months of that year was absolutely wonderful. They did everything together and were very much in love. However, the last three months were a pure and living hell for Cally. Ryan had started drinking very heavily and had become mentally and physically abusive. The abuse was terrible for Cally; in only three months Ryan had busted her lip and had put bruises all over Cally's body. The abuse was getting worse by the day and Cally knew that she had to end the relationship soon. Cally still cared for Ryan, despite his cruel and abusive ways, but she knew that he was not going to change; he was too far gone. Cally had planned to break up with him on prom night, but as a fatal turn of events unfolds, Cally discovers that it's not so easy to escape from Ryan's grip.
